# Introduction

The *Recommended Continuation Budget, Line Item Detail, 2013-2015* details Governor McCrory's recommended fiscal plan for continuing operations of the State of North Carolina for the upcoming biennium. For presentation purposes, the various departments of state government are grouped by the following functions:

- Education
- General Government
- Health and Human Services
- Justice and Public Safety
- Natural and Economic Resources
- Transportation

Funds are presented in numerical order within budget code. The budget codes are also ordered numerically by their last four digits, which typically represent a department or division, and then by their first digit, which represents a fund type. For example, budget code 84210 precedes code 14222, which precedes 84290. The only exceptions to this order occur where the last four digits of the budget code deviate from the usual department/division designation.

The proposed continuation budget for each budget code and fund code is presented beginning with summary tables for each budget code followed by fund details for each budgeted fund within the budget code. Summaries for each budget code are listed below:

- Summary by Fund
- Summary by Account
- Position Counts, Summary by Fund
- Position Counts, Summary by Account

For each fund, "Fund Detail" presents the information termed "Worksheet I" in the budget preparation system. Tabular data are presented for 2011-12 actual amounts spent or received, 2012-13 certified and authorized amounts, and 2013-14 and 2014-15 recommended amounts.

Requests for further information may be directed to the Office of State Budget and Management, 20320 Mail Service Center, Raleigh, N.C. 27699-0320, or telephone (919) 807-4700. These files may also be downloaded from the Office of State Budget and Management Web site, [www.osbm.state.nc.us](http://www.osbm.state.nc.us).

## Brief Definitions

Recommended Budget	Total of continuation and expansion budgets submitted by the Governor to the General Assembly for a biennium beginning with an odd-numbered year, for example, 2013-15.
Continuation Budget	That portion of the recommended budget that maintains existing authorized levels of recurring services in agencies for a biennium. The continuation budget is based on the current year's authorized budget; it may be adjusted through Worksheet I's for level of expenditure, inflationary increase, increase in services required, annualization of programs, reduction for nonrecurring programs, and adjustments for receipts.
Expansion Budget	That portion of the recommended budget that presents additional operating funds for expansion of existing programs, including inflationary cost for the state's share of locally-operated programs, new programs, or pilot projects; proposals to change a statutory-controlled program by redirecting funds from one program to another; onetime major equipment purchases; and continued phase-in of new programs initiated in a previous biennium.
Certified Budget	Once the state budget is approved by the General Assembly and released, the Office of State Budget and Management (OSBM) certifies the official budgets to state agencies. Agencies can then operate under the new budget. The State Budget Officer certifies the appropriations, revenue, and condition of the fund to the Office of State Controller and the State Treasurer. The certified budget reflects budget revisions that were specifically mandated by the General Assembly.
Authorized Budget	The certified budget plus revisions delegated to the Office of State Budget and Management and to agencies by the Executive Budget Act.
Fund Code	Funds (or budget centers) are established as a result of authorization by the General Assembly; changes in the accounting standards; authorizations by OSBM; and/or grant awards from federal, state, local, or private agencies, or from individuals. The fund code is a four-digit number that, with its parent budget code, uniquely identifies the fund. The terms "purpose" and "activity" are sometimes used as synonyms for "fund."
Budget Code	The Office of State Budget and Management and the Office of State Controller together with the State Treasurer determine a five-digit number (budget code) for budgetary reporting. This number generally identifies major fund types and the responsible entity for reporting. The first digit is the fund type. The second and third digits are usually the department/division code. Budget codes are established for the following fund types:

0xxxx - Institutional Funds Revenue  
1xxxx - General Fund  
2xxxx - Special Funds  
3xxxx - Federal Funds  
4xxxx - Capital Project Funds  
5xxxx - Enterprise Funds  
6xxxx - Trust and Agency Funds  
7xxxx - Service Funds  
8xxxx - Highway Funds

Worksheet I

A component of the Budget Preparation System (BPS) used by state agencies to develop their budget requests for the General Assembly. Each Worksheet I report, except in the university system, has these eight columns:

- 1) Description of the expenditure or receipt
- 2) Amount actually spent or received as of June 30 of the first year (2011-12) of the current biennium (2011-13)
- 3) Amount certified by the General Assembly for the second year (2012-13) of the current biennium (2011-13). Not shown for the university system.
- 4) Amount authorized by OSBM for the expenditure or receipt during the second year (2012-13) of the current biennium (2011-13)
- 5) Amount of the recommended increase or decrease for the first year (2013-14) of the next biennium (2013-15), as compared to the current year (2012-13) in column 4
- 6) Total amount requested for the first year (2013-14) of the next biennium (2013-15)
- 7) Amount of the recommended increase or decrease for the second year (2014-15) of the next biennium (2013-15), as compared to the current year (2012-13) in column 4
- 8) Total amount requested for the second year (2014-15) of the next biennium (2014-15)

## Judicial Branch

Budget Code 12000 *Administrative Office of the Courts - General*

Fund Code - 12000 1100 *Administration and Services*

The Judicial Branch uses this fund to carry out all the administrative functions and business operations of the court system statewide, including the administration of its programs and personnel system; management of fiscal and financial systems; research, planning, implementation, and evaluation of special projects; informing court officials of legal issues; development of education and communication programs; compilation of statistical data; and management of warehouse supplies, forms, and books. This fund is also used to provide information technology support and services for local courthouses and NC AOC's offices in Raleigh, and to develop and maintain information systems and support the computer equipment needed to run these systems. The statewide infrastructure for equipment, supplies, and maintenance is budgeted within this fund.

Fund Code - 12000 1200 *Appellate Division*

This is the fund for the Appellate Division, which includes the North Carolina Supreme Court and Court of Appeals.

Supreme Court - The North Carolina Supreme Court has authority to prescribe the rules of practice and procedure for the appellate and trial court divisions, and to promulgate the yearly schedule of superior court sessions. The appellate jurisdiction includes cases on appeal by right from the Court of Appeals, cases on appeal by right from the Utilities Commission, criminal cases on appeal by right from the superior courts (first degree murder in which the defendant has been sentenced to death), and cases in which review has been granted in the Supreme Court's discretion. The only original case jurisdiction exercised by the Supreme Court is in the censure and removal of judges upon the non-binding recommendations of the Judicial Standards Commission.

Court of Appeals - The Court of Appeals provides appellate review for all civil appeals from the district courts and for civil and criminal appeals from the superior courts, except for those cases that come within the exclusive jurisdiction of the Supreme Court. In addition, the Court of Appeals provides appellate review of the decisions of certain administrative agencies.

Fund Code - 12000 1300 *Trial Court Division*

This fund is for the Trial Court, which includes the following functions:

Superior Court - The Superior Court has original jurisdiction in the trial of all cases seeking the death penalty and other felonies and is the proper court for all civil cases where the amount in controversy exceeds \$10,000. The Superior Court conducts new trials in misdemeanor cases tried in and appealed from district court; conducts hearings on post-conviction and habeas corpus petitions; hears appeals from most administrative agency decisions; and handles other pre-trial and post-trial matters.

District Court - The District Court handles trials and hearings in misdemeanor and infraction cases, civil cases up to \$10,000, and all juvenile and domestic cases. It also provides hearings in judicial hospitalization matters and preliminary "probable cause" hearings in felony cases. In addition, the District Court has jurisdiction to accept guilty pleas in certain felony cases.

Office of the Clerk of Superior Court - The North Carolina Constitution provides for a Clerk of Superior Court for each of the 100 counties with the duties and authorities prescribed by the General Assembly. The clerk is ex officio judge of probate and exercises judicial powers in special proceedings and administration of trusts and guardianships. The clerk also performs various administrative duties for both the superior and district courts of the county.

Other operations budgeted in this fund include magistrates, interpreters and court reporters.

Fund Code - 12000 1410 *Specialty Services and Programs*

Provides specialized services such as family court and guardian ad litem to address specific issues. Alternative dispute resolution programs provide services such as mediation and arbitration to support citizens and assist them to resolve cases outside the courtroom.

Family Courts - Family courts coordinate all case management and service agency efforts for a single family in distress to better serve that family and provide more consistent and efficient use of trial court time.

Guardian ad Litem - Pursuant to G.S. 7B-12, the Guardian ad Litem program provides trained independent advocates statewide to represent and promote the best interests of abused, neglected, and dependent children in the state court system and to work towards a plan that ensures that these children are in a safe, permanent home.

Child Custody and Visitation Mediation - The Child Custody and Visitation Mediation program is responsible for mediation of contested issues whenever a petition for an order of custody or visitation of a child (or modification of such an order) is contested in a jurisdiction where this program is implemented.

Permanency Mediation - Mediation addresses crucial issues of adjudication, permanency and provision of services in cases alleging abuse or neglect of children.

Court-Ordered Arbitration - Pursuant to G.S. 7A-37.1, all civil actions in which claims do not exceed \$15,000 are subject to court-ordered arbitration in accordance with rules promulgated by the North Carolina Supreme Court. Court-ordered, non-binding arbitration is designed to be a more economical, efficient, and satisfactory procedure to resolve certain civil actions.

Fund Code - 12000 1500 *Equipment and Other Reserves*

Prior to FY2010-11, this fund was used to budget supplies and equipment for the court system statewide, assistant deputy clerks' pay plans, magistrates' pay plans, pass-through funds to the State Bar, and other reserves. Effective FY2010-11, this fund is no longer in use. Equipment and supply reserves are moved to fund 1100, reserves related to local court personnel are moved to fund 1300, and pass-through funds are moved to new fund 1800.

Fund Code - 12000 1600 *Office - District Attorney*

District attorneys are responsible for the prosecution, on behalf of the state, of all criminal actions in the superior and district courts in the district, as well as in juvenile cases in which the juvenile is represented by an attorney. The district attorney is also responsible for ensuring that infraction cases are prosecuted efficiently and for calendaring criminal cases for trial. They also perform duties related to appeals as required by the State Attorney General. Other operations budgeted in this fund include the Conference of District Attorneys and the Worthless Check Program, both of which provide support to district attorneys in their prosecution efforts.

Fund Code - 12000 1700 *Independent Commissions*

The Judicial Standards Commission investigates complaints or issues pertaining to justices or judges. The Commission makes findings (where appropriate) and recommendations to the Supreme Court for censure or removal of a judge.

The North Carolina Innocence Inquiry Commission investigates and conducts inquiries to determine credible claims of factual innocence, with priority given to cases in which the convicted person is currently incarcerated solely for the crime for which he or she claims factual innocence.

The North Carolina Dispute Resolution Commission is principally responsible for certifying and regulating the conduct of mediators and mediation training programs serving the statewide Mediated Settlement Conferences program. The Commission is also charged with certifying and regulating the conduct of mediators for equitable distribution, alimony, child support, and post separation support actions through the Family Financial Settlement program. The Commission is receipt-supported and receives no General Fund appropriation.

The Sentencing and Policy Advisory Commission was created by the General Assembly to make recommendations for the modification of sentencing laws and policies, and for the addition, deletion, or expansion of sentencing options as necessary to achieve policy goals.
