

American Rescue Plan Act Temporary Savings Fund (ARPA TSF) FAQ

Why is this funding not available immediately?

Medicaid Expansion will begin December 1, 2023, enabling North Carolina to receive an additional 5% federal medical assistance percentage (FMAP) for 2 years beginning retroactively from October 1, 2023. [SL 2023-7](#) established the ARPA Temporary Savings Fund as a special fund consisting of the General Fund savings realized by Medicaid as a result of additional federal receipts arising from the enhanced FMAP available to the state under section 9814 of the American Rescue Plan Act of 2021.

The Department of Health and Human Services (DHHS) will receive these federal receipts monthly starting in December 2023 and deposit the savings into the ARPA TSF monthly. The General Assembly appropriated all of the funds that are anticipated to be deposited into the ARPA TSF. However, in recognition that the funds would not be available all at once, they established an order of disbursement schedule in [Section 4.9 of SL 2023-134](#).

Where do I fall in the schedule for disbursement?

For FY 2023-24, the General Assembly identified 14 projects to receive funding first. After those 14 projects are disbursed in the order prescribed in session law, DHHS will transfer funds for non-State Capital Infrastructure Fund (SCIF) allocations first in order of least to most, followed by SCIF allocations in order of least to most.

DHHS will transfer funds in one lump sum amount to each agency charged with disbursing money for these projects.

For your convenience, an anticipated disbursement schedule is included below. This is merely an estimate. Funds will not be transferred until they are available. You may receive funding either before or after your anticipated disbursement in the schedule below.

Anticipated Disbursement Schedule:

<u>Award Title</u>	<u>Anticipated Disbursement (Awards made in SFY 2023-24)</u>
Health Career Promotion	Jan - Mar 2024
Rates for Durable Medical Equipment	Jan - Mar 2024
Federally Qualified Health Centers and Rural Health Clinics	Jan - Mar 2024
