# Introduction

The *Governor's Recommended Budget, Line Item Detail, 2017-19* details Governor Cooper's recommended fiscal plan for continuing operations of the State of North Carolina for the upcoming biennium. For presentation purposes, the various departments of state government are grouped by the following functions:

- Education
- General Government
- Health and Human Services
- Justice and Public Safety
- Natural and Economic Resources
- Transportation
- Statewide Reserves

Funds are presented in numerical order within budget code. The budget codes are also ordered numerically by their last four digits, which typically represent a department or division, and then by their first digit, which represents a fund type. For example, budget code 84210 precedes code 14222, which precedes 84290. The only exceptions to this order occur where the last four digits of the budget code deviate from the usual department/division designation.

The proposed base budget for each budget code and fund code is presented beginning with summary tables for each budget code followed by fund details for each budgeted fund within the budget code. Summaries for each budget code are listed below:

- Summary by Fund
- Summary by Account
- Position Counts, Summary by Fund
- Position Counts, Summary by Account

For each fund, "Fund Detail" presents the information termed "Worksheet I" in the budget preparation system. Tabular data are presented for 2015-16 actual amounts spent or received, 2016-17 certified and authorized amounts, and 2017-18 and 2018-19 recommended amounts. Also included are the purpose statements for the funds.

Requests for further information may be directed to the Office of State Budget and Management, 20320 Mail Service Center, Raleigh, N.C. 27699-0320, or telephone (919) 807-4700. These files may also be downloaded from the Office of State Budget and Management Web site, [osbm.nc.gov](http://osbm.nc.gov).

## Brief Definitions

Recommended Budget

Total of the base and change budgets submitted by the Governor to the General Assembly for a biennium beginning with an odd-numbered year, for example, 2017-19.

Base Budget

That portion of the recommended budget that provides the baseline for the next biennium. The base budget for each State agency shall be the authorized budget for that agency with adjustments only for the following: annualization of programs and positions; reductions to adjust for items funded with nonrecurring funds during the prior fiscal biennium; increases to adjust for nonrecurring reductions during the prior fiscal biennium; adjustments for federal payroll tax changes; rate increases in accordance with the terms of existing leases of real property; adjustments to receipt projections, made in accordance with GS 143C-3-5(b)(2)c.; reconciliation of intra-governmental and inter-governmental transfers.

Change Budget

That portion of the recommended budget that presents expansion or reduction from the base budget. The change includes enrollment adjustments, entitlement adjustments, one-time purchases, inflationary adjustments, new or expanded programs, as well as other adjustments.

Certified Budget

Once the state budget is approved by the General Assembly and released, the Office of State Budget and Management (OSBM) certifies the official budgets to state agencies. Agencies can then operate under the new budget. The State Budget Officer certifies the appropriations, revenue, and condition of the fund to the Office of State Controller and the State Treasurer. The certified budget reflects budget revisions that were specifically mandated by the General Assembly.

Authorized Budget

The certified budget plus revisions delegated to the Office of State Budget and Management and to agencies by the State Budget Act.

Fund Code

Funds (or budget centers) are established as a result of authorization by the General Assembly; changes in the accounting standards; authorizations by OSBM; and/or grant awards from federal, state, local, or private agencies, or from individuals. The fund code is a four-digit number that, with its parent budget code, uniquely identifies the fund.

Budget Code

The Office of State Budget and Management and the Office of State Controller together with the State Treasurer determine a five-digit number (budget code) for budgetary reporting. This number generally identifies major fund types and the responsible entity for reporting. The first digit is the fund type. The second and third digits are usually the department/division code. Budget codes are established for the following fund types:

- 0xxxx - Institutional Funds Revenue
- 1xxxx - General Fund
- 2xxxx - Special Funds
- 3xxxx - Federal Funds
- 4xxxx - Capital Project Funds
- 5xxxx - Enterprise Funds
- 6xxxx - Trust and Agency Funds
- 7xxxx - Service Funds
- 8xxxx - Highway Funds

Worksheet I

A component of the NC Integrated Budget Information System (NC IBIS) used by state agencies to develop their budget requests for the General Assembly. Each Worksheet I report, except in the university system, has these eight columns:

- 1) Description of the expenditure or receipt
- 2) Amount actually spent or received as of June 30 of the first year (2015-16) of the current biennium (2015-17)
- 3) Amount certified by the General Assembly for the second year (2016-17) of the current biennium (2015-17). Not shown for the university system.
- 4) Amount authorized by OSBM for the expenditure or receipt during the second year (2016-17) of the current biennium (2015-17)
- 5) Amount of the recommended increase or decrease for the first year (2017-18) of the next biennium (2017-19), as compared to the current year (2016-17) in column 4
- 6) Total amount requested for the first year (2017-18) of the next biennium (2017-19)
- 7) Amount of the recommended increase or decrease for the second year (2018-19) of the next biennium (2017-19), as compared to the current year (2016-17) in column 4
- 8) Total amount requested for the second year (2018-19) of the next biennium (2017-19)
