**205149-DEQ 2356 DEA -EXPRESS PERMITTING (ADM) BC 24300**

This program provides an expedited permit review for certain construction-related permits without compromising the quality of the review. This streamlined process requires a pre-application meeting with owners and consultants, adherence to strict deadlines by all parties and review by experienced staff. To improve the quality of initial permit applications, this program encourages better communication of expectations from the onset. The express permitting program was created in response to customer demand to reduce process times for economic development and job creation projects.

**205157-DEQ 2389 DWM -REC PROGRAM BC 24300**

The purpose of this fund is to provide support for parties wanting to conduct Voluntary site remedial actions at lower priority sites which are managed by the Registered Environmental Consultant Program (REC). The REC not only conducts the cleanup for their client (the owner or responsible party), they also make specific certifications that each document and each work phase is in compliance with the REC program rules and laws. The REC's certification is accepted in place of state staff oversight. A portion of the cases are audited to ensure compliance and to enforce REC Program rules, if necessary. Volunteering parties participating in the program pay a small fee to help support the administration of the program. Administration activities include approval of qualifications of applicant REC's, training, technical support and auditing to ensure their performance protects public health. State law and rules require that the state charge responsible parties a fee to cover the program cost. The fee can only be used for this purpose and any money remaining when a party completes a cleanup must be returned to the party. GS 130A-310.9(c).

The purpose of this fund is to track the Weatherization Program annual grant awarded by the United States Department of Energy. The North Carolina Weatherization Program works to improve energy efficiency, household safety, and educate the public on energy efficiency. The program's focus is on the elderly, disabled, families with children, consumers with high energy usage and the energy burdened. The goal is to keep North Carolina citizens warm in the winter, cool in the summer and safe all year long while maintaining energy efficiency.

**205166-DEQ 2410 ADM -CONSERVATION GRANT FUND (NRP)/CPC BC 24300**

The purpose of the Conservation Grant Fund (N.C.G.S. 113A-232) is to stimulate the use of conservation easements, to steward properties held by deed or conservation easement by the State, to improve the capacity of private nonprofit land trust organizations to successfully accomplish conservation projects, to better equip real estate related professionals to pursue opportunities for conservation, to increase landowner participation in land and water conservation, and to provide an opportunity to leverage private and other public funds for conservation easements. This fund is managed by the DEQ Stewardship Program which works to ensure that State-held conservation easements and properties are managed to protect water quality, wildlife habitat, and provide open space. Program operating expenses such as salaries, benefits, supplies, travel expenditures, monitoring costs, and other expenses are charged against fund 2410. The endowment for these activities is held under budget code 64307, funds 6704 and 6705.

205203-DEQ 2940 DMF -FEDERAL CONTRACTS BC 24300

This fund is used to prevent reversion of unspent Federal receipts for reimbursement of services. This fund was created to deposit unspent federal receipts at the end of a fiscal year for use the next year within the timeline of the contract and the purpose of the contract. Federal reimbursement receipts are subject to the same Federal Acquisition Regulations as direct Federal grants. The regulation states that invoices for payment and funds received are for the purpose of the contract only. Reversion of Federal receipts would cause us to be operating outside of the code of Federal Regulation.

**205214-DEQ 2752 DLR -NPDES SW PERMIT REC BC 24300**

The Division of Energy, Mineral, and Land Resources (DEMLR) is requesting to establish a new fund in budget code 24300. The purpose of this fund is to capture the National Pollutant Discharge Elimination System (NPDES) fees. The National Pollutant Discharge Elimination System (NPDES) permit program addresses water pollution by regulating point services that discharge pollutants to waters of the United States. In North Carolina, the EPA (Environmental Protection Agency) has delegated the National Pollutant Discharge Elimination System (NPDES) to the Department of Environmental Quality (DEQ). Currently, all National Pollutant Discharge Elimination System(NPDES) fees are deposited into 17407446. The Division of Energy, Mineral, and Land Resources (DEMLR) is requesting to establish a new fund in order for the receipts to not be subject to reverting.

According to N.C.G.S. 143-215.3A(a). “[A]ll application fees and permit administration fees collected by the State for permits issued under Articles 21, 21A, 21B, and 38 of this Chapter shall be credited to the [Water and Air Quality] Account”. Sub-subsection (6) then excludes fees collected under 143-215.3D for storm water permits and certificates of general permit coverage authorized under G.S. 143-214.7 and directs that they instead be credited to the General Fund. State storm water permits are issued under 143-214.7, National Pollutant Discharge Elimination System (NPDES) storm water permits are issued under 143-215.1. Therefore, with respect to storm water permits, state storm water (143-214.7) permit fees should be credited to the General Fund and National Pollutant Discharge Elimination System (NPDES) storm water (143-215.1) permit fees should be credited to the Water and Air Quality Account.

The Department of Environmental quality plans to utilize funds allocated from the Grid Resilience Formula Grant Program. This program has two parts comprised of the Grid Resilience Formula Grant Program (Sec 40101(d)), which has a \$2.3 billion share of the funding. The second part is the utilities and industry "Competitive Program," which should open later this summer. Two other programs, "Innovative" and "Smart Grid" grants, should also open later in 2022. In this program, grants will be allocated to states, territories, and tribes on a "jurisdiction basis," using formulas and statistics on population, area, probability and severity of disruptive events, and expenditure on mitigation efforts.

**205221-DEQ 2407 NRG -WEATHERIZATION PROG BC 24300**

The Department of Environmental Quality's State Energy Office plans to participate in the Weatherization Assistance Program that helps low-income North Carolinians save energy, reduce their utility bills, and stay safe in their homes. Its mission is to keep North Carolina citizens warm in the winter, cool in the summer, and safe all year long while educating the public about energy efficiency and household safety. The program's focus is on the elderly, the disabled, families with children, high energy users, and the energy burdened. The N.C. Department of Environmental Quality administers the Weatherization Assistance Program with annual funding from the U.S. Department of Energy.

**205400-DEQ 2334 DAQ -AIR QUALITY - FUEL TAX BC 24301**

The Division of Air Quality (DAQ) receives 28.1% of a 1/2 cent per gallon fuel tax that the state collects. G.S. 143-215.3A indicates that these funds "shall be used to administer the air quality program." These funds are used to support the general expenses for the division. 10% of the revenue DAQ receives is used to fund Local Air Pollution Control Program Expenses.

**205425-DEQ 2990 DMF -MARINE CONSERVATION FUND BC 24303**

This fund allows the Marine Fisheries Commission per G.S. 143b-289.59, to accept gifts, donations, or other contributions from any sources. These funds are used solely for the purpose of marine and estuarine resource management, including education on the importance of conservation. The special Conservation Fund is subject to oversight of the State Auditor pursuant to Article 5A of Chapter 147 of the General Statutes. Emblems of different sizes, shapes, types, or designs may be used to recognize contributions in different amounts, but no emblem shall be issued for a contribution amounting in value to less than five dollars (\$5.00). (1997-400, s. 2.1.)

Fund 2981 accounts for fees collected under the establishment of the Ecosystem Restoration Fund, GS 143-214.12. Fees are collected from the private sector and government agencies for impacts to water resources that require compensatory mitigation. Acceptance and payment satisfies the conditions of the Clean Water Act as regulated by federal and state agencies. Lost functions to water, vegetation, and soil resources are replaced by the restoration of degraded wetlands and streams.

**205604-DEQ 2491 DLR -LANDSLIDE MAPPING BC 24310**

To support the landslide mapping activities performed by the North Carolina Geological Survey Section within the Division of Energy, Mineral, and Land Resources of the Department of Environmental Quality. Landslide mapping offers tools and resources to better inform communities about potential landslide hazards and to plan for and build resilience to those hazards. The landslide team surveys and documents landslide locations and impact areas using a Geographical Information System (GIS) that combines satellite and aerial imagery, unmanned aerial vehicles and field work to produce a publicly available Data Viewer. The Viewer includes a current inventory of landslide points (where landslides started), landslide outlines (the approximate extent of individual slope movements) and landslide deposits (the extent of significant volumes of earth, debris and rock fragments that have accumulated due to past debris flows and debris slides, rock falls and rockslides), mapped and published by NCGS.

**205605-DEQ 2600 DCM -RESILIENT COASTAL COMMUNITIES PROG BC 24310**

The N.C. Resilient Coastal Communities Program aims to facilitate a community-driven process for setting coastal resilience goals, assessing existing and needed local capacity, and identifying and prioritizing projects to enhance community resilience to coastal hazards. Participating communities move through framework steps leading to the development of "shovel-ready" projects. Local governments throughout the 20 coastal counties are eligible to apply for direct technical assistance to complete a community engagement process, risk and vulnerability assessment, and develop a resilience project portfolio.

**24317-Department of Environmental Quality - Special Revenue - GF**

**205743-DEQ 2359 DMF -ADVANCE LICENSE SALE ODD YEAR BC 24317**

The fund accounts for various commercial license receipts in support of the Division of Marine Fisheries mission of ensuring sustainable fisheries and habitats for the benefit of the public. These sales are held April through June each calendar year. Commercial licenses are regulated by G.S. 113-168 through G.S. 113-173. Revenues are eligible for transfer to all operating funds within the Division of Marine Fisheries in support of expenditures in Center 1325 for the License and Trip Ticket Administration, Fisheries Information Network, and Marine Patrol. This fund has no FTE's. Once funds are in Center 1325, those funds are used to administer commercial and recreational fishing licenses and permitting to identify marine and estuarine fishermen for fishing impact analyses and possible fishery management actions. Funds generated from sale of commercial licenses are eligible for transfer to all operating funds within Marine Fisheries budget.

**205762-DEQ 2997 DWR -COASTAL STORM DAMAGE MITIGAT FUNDS BC 24317**

The Coastal Storm Damage Mitigation Fund is established as a special revenue fund. The Fund consists of General Fund appropriations, gifts, grants, devises, monies contributed by a non-State entity for a particular beach nourishment or damage mitigation project or group of projects, and any other revenues specifically allocated to the Fund by an act of the General Assembly. Revenue credited to the Fund may only be used for costs associated with beach nourishment, artificial dunes, and other projects to mitigate or remediate coastal storm damage to the ocean beaches and dune systems of the State. Return of Non-State Entity Funds. – Non-State entities that contribute to the Fund for a particular project or group of projects may make a written request to the Secretary that the contribution be returned if the contribution has not been spent or encumbered within two years of receipt of the contribution by the Fund. If the written request is made prior to the funds being spent or encumbered, the Secretary shall return the funds to the entity within 30 days after the later of (i) receiving the request or (ii) the expiration of the two-year period described by this subsection.

**205776-DEQ 2353 DMF -COMMERCIAL FISHING RESOURCE FUND BC 24318**

This fund accounts for various commercial license receipts in support of the Division of Marine Fisheries incidental take permit (At Sea Observer Program). The Marine Fisheries Commission Commercial Resource Fund Committee and the Funding Committee for the North Carolina Commercial Fishing Resource Fund decide projects for funding after the expenditures for the incidental take permits (At Sea Observer Program) have been met. Marine Fisheries Commission Commercial Resource Fund Committee is comprised of three current members of the Marine Fisheries Commission. The Funding Committee for the North Carolina Commercial Fishing Resource Fund is comprised of six members appointed from various commercial fishing organizations as noted in N.C.G.S. 113-173.1(d).

Marine Fisheries Commission Commercial Resource Fund Committee and the Funding Committee for the North Carolina Commercial Fishing Resource Fund decide projects for funding after the expenditures for the incidental take permits (At Sea Observer Program) have been met. The Marine Fisheries Commission Commercial Resource Fund Committee is comprised of three current members of the Marine Fisheries Commission. The Funding Committee for the North Carolina Commercial Fishing Resource Fund is comprised of six members appointed from various commercial fishing organizations as noted in N.C.G.S. 113-173.1(d). This fund will track the projects which have been approved through their established process. The division needs a second fund to move the revenues available for other projects. Keeping the funds separate is paramount to ensuring the funds are available annually for support of the At Sea Observer Program.

**205820-DEQ 2F09 DMF -MINIMIZE HABITAT IMPACTS 7/09-6/11 BC 24323**

The Fisheries Reform Act states that the legislative goal of the Coastal Habitat Protection Plan (CHPP) is to enhance the coastal fisheries associated with each habitat. This fund will enhance the divisions' ability to adequately review permit applications and coordinate among permitting and resource agencies to minimize and avoid habitat impacts and enforce existing habitat protection rules. This fund is interest bearing.

The purpose of this Fund is to support efforts within the scope of the Fish and Wildlife Coordination Act, the Endangered Species Act, and Section 10 of the Federal Power Act including, but not limited to, monitoring of biotic and abiotic parameters; addition of large woody debris, gravel and vegetation management in the Cheoah River below Santeetlah Dam; and other natural resource stewardship activities, including, but not limited to threatened and endangered species recovery efforts; control of exotic species; and environmental outreach and education, directly related to those basin resources affected by ongoing project operations on the Cheoah and Little Tennessee rivers, in particular the Santeetlah and Cheoah developments, and the portion of the Calderwood Development in North Carolina. The Federal Energy Regulatory Commission (FERC) issued a new license for the Tapoco Hydroelectric Project on January 25, 2005. The FERC approved the transfer of the license and the sale of the appurtenances for the Tapoco Hydroelectric Project from Alcoa Power Generating Inc. to Brookfield Smoky Mountain Hydropower LLC (BSMH) on October 4, 2012. The Tapoco Project Relicensing Settlement Agreement (RSA), filed with FERC in May 2004, established the N.C. Resource Management and Enhancement Fund. The FERC acknowledged the Fund and included it in the project's license. The Fund is administered by the Fund Board, composed of authorized representatives of the N.C. Wildlife Resources Commission, N.C. Department of Environmental Quality, USDA Forest Service, U.S. Fish and Wildlife Service, and the Eastern Band of the Cherokee Indians. The project license obligated the licensee to provide an initial deposit of \$100,000 then annual deposits of \$25,000 (both in inflation adjusted dollars) except for the final three years of the 40-year license. The RSA requires an annual report be prepared and distributed to Board members and that BSMH file the report with FERC by June 30. The Fund Board delegated the Division of Water Resources (DWR) to administer and disperse the Fund. The fiduciary agreement requires that DWR submit to all members of the Fund Board and licensee a detailed annual accounting of the Fund as of December 31 of the prior year, including all income and disbursements; an accounting of all cost-share or other contributions to the Fund for the prior calendar year; commitments of funds not yet invoiced as of December 31 of the prior year; the balance of funds available for expenditure in the next year minus remaining commitments and anticipated expenses; and a statement of all fiduciary expenses for the prior year. Funded projects have included captive culture and reintroduction of fishes and mussels; propagation of wounded darters; management of Yellow Creek exotic vegetation; and gravel cleaning and installation. The fund also supported graduate student research through Virginia Polytechnic Institute and State University, which yielded at least five articles published in refereed journals.

Clean Water Asset Inventory & Assessment grants (AIAs) are limited to \$150,000, over a period of 3 years, to the same local government unit or nonprofit water corporation. Affordability Criteria do not limit the grant percentage or the eligibility for these grants. A match is required, however, based on the Local Government Unit indicators: percent population changed, poverty rate, median household income (MHI), percent unemployment, and property valuation per capita, including the indicators compare with the State benchmarks.

This fund supports the training and certification of operators for water pollution control systems throughout North Carolina. More than 10,000 operators pay annual certification fees, which are used to administer programs that support the Water Pollution Control System Operators Certification Commission, as established by the legislature in GS90A-42. Relevant service activities include maintenance and issuance of certifications for approximately 13,616 operators, review, approval and data tracking of 1,997 continuing education courses and administration of approximately 2,000 examinations each year.

Per G.S. 130A-309.13, This program fund provides grant support to assist local governments and private recycling businesses to expand and improve recycling infrastructure to collect, process, and manufacture products using recycled materials. The funds helps build lasting capacity to divert materials from the waste stream and return them to economic use creating a effective, resilient circular economy in North Carolina. Investments made through this grant programs capture the environmental benefits of material recovery, enhances the availability and cost-effectiveness of public recycling services, and creates job growth and business opportunities in the recycling sector.

**603102-DEQ 6372 DWM -INACTIVE HAZARDOUS SITES CLEANUP BC 64305**

The purpose of this fund is to provide for assessment and cleanup of high risk sites contaminated with hazardous substances where responsible parties are not available to pay or have not complied with orders to assess or clean up a site. It includes funds awarded to the Department in bankruptcy settlements with responsible parties, which the court has stipulated must be expended only for environmental cleanup at the sites specified in the settlements. The fund was established by the legislature under G.S. 130A-310.11.

**603105-DEQ 6376 DWM -BROWNFIELD SUPERFUND/COM LUST CLEAN BC 64305**

The purpose of this fund is to provide facilitation of safe reuse of abandoned or idled environmentally impacted properties in order to promote smart growth, sustainable development and green space preservation via a Brownfields agreement. Funding is provided by fee receipts from prospective developers of Brownfields properties seeking brownfield agreements from the Department of Environmental Quality(DEQ). The funding defrays costs incurred by DEQ and the Department of Justice as provided in G.S. 130A-310.39.

The purpose of this fund is to conduct assessment and mitigation of the hazards posed by contamination at old unlined landfills that ceased operation prior to 1983 and are considered unpermitted landfills. Funding is provided by a statewide disposal tax. The CAP is currently 19% of the funds credited that may be used to fund administrative expenses related to hazardous and solid waste management, 2007 SB1492 Legislation. Pre-regulatory landfill program meaning any land area where solid waste disposal occurred prior to Jan 1, 1983, but does not include landfills used primarily for the disposal of industrial solid waste, GS 130A-295.9.

**603201-DEQ 61DR WIF CW ASADRA 2019 PROJS BC 64311**

On June 6, 2019, the President signed P.L. 116-20, the "Additional Supplemental Appropriations for Disaster Relief Act, 2019" (ASADRA), into law. The Environmental Protection Agency (EPA) section of the ASADRA includes \$349.4 million in supplemental funding for the State Revolving Fund (SRF) programs: \$53.3 million for Clean Water State Revolving Fund (CWSRF) and \$296.1 million for Drinking Water State Revolving Fund (DWSRF), available only to states or territories in EPA Regions 4, 9, and 10 for wastewater treatment works and drinking water facilities impacted by Hurricanes Florence and Michael, Typhoon Yutu, and calendar year 2018 wildfires and earthquakes. The States of Alabama, Alaska, California, Georgia, Florida, North Carolina, South Carolina, and the Territory of the Northern Mariana Islands are eligible to apply for these supplemental funds. The ASADRA gives the EPA the authority to retain up to \$1 million for management and oversight.

The purpose of this fund is to capture the costs for the 2019 ASADRA Clean Water project disbursements.

**603453-DEQ 69DR WIF DW ASADRA 2019 PROJS BC 64320**

On June 6, 2019, the President signed P.L. 116-20, the "Additional Supplemental Appropriations for Disaster Relief Act, 2019" (ASADRA), into law. The Environmental Protection Agency (EPA) section of the ASADRA includes \$349.4 million in supplemental funding for the State Revolving Fund (SRF) programs: \$53.3 million for Clean Water State Revolving Fund (CWSRF) and \$296.1 million for Drinking Water State Revolving Fund (DWSRF), available only to states or territories in EPA Regions 4, 9, and 10 for wastewater treatment works and drinking water facilities impacted by Hurricanes Florence and Michael, Typhoon Yutu, and calendar year 2018 wildfires and earthquakes. The States of Alabama, Alaska, California, Georgia, Florida, North Carolina, South Carolina, and the Territory of the Northern Mariana Islands are eligible to apply for these supplemental funds. The ASADRA gives the EPA the authority to retain up to \$1 million for management and oversight.

The purpose of this fund is to capture the costs for the 2019 ASADRA Drinking Water project disbursements.

**603650-DEQ 6A01 DMF -LIFETIME ADULT BC 64323**

Senate Bill 1126 (SL 2005-455) was signed into law September 2005 and requires persons who fish recreationally in North Carolina for finfish in coastal fishing waters to obtain a Coastal Recreational Fishing License effective January 1, 2007. This fund collects the receipts for the sale of the Adult Lifetime License G.S. 113-174.2(6). Revenues are deposited into the Marine Resources Endowment Fund. The expending of the funds for different projects has to be approved by both Chairs of the Wildlife Resources Commission and Marine Fisheries Commission. Interest Bearing.

**14350-Wildlife Resources Commission - General Fund**

**102401-WRC 1101 ADMIN POLICY AND REG BC 14350**

The purpose of this fund is to implement the mission of the North Carolina Wildlife Resources Commission (NCWRC), including meeting wildlife conservation and public safety program goals, in accordance with regulatory and statutory responsibilities and with policy directives of the NCWRC board of commissioners and other state and federal agencies. This section provides oversight of the agency's staff and ensures services and opportunities are provided to the citizens of North Carolina interested in hunting, fishing, boating, and other forms of outdoor recreation related to fish and wildlife; protect critical fish and wildlife habitats; and manage fish and wildlife.

The Conservation Policy & Analysis Office is responsible for informing, recommending, and developing statewide public policy and regulations for the agency. This group assists other Divisions and Offices with constituent and public engagement to help gather social data to improve understanding of the public's perspectives on the State's natural resources, wildlife management, wildlife-associated recreation, and agency function. Those qualitative and quantitative data collected are then used to examine agency programs, opportunities, policies, and regulations and recommend changes, to improve the chances of successful outcomes.

The Help Desk section provides administrative support in the distribution of hunting and statewide fishing licenses, special permit hunts, and fur tags. These licenses are required to hunt and fish in North Carolina in accordance with Chapter 113 of the NCGS. These services are made available to the public by phone, the Internet, the Raleigh office and approximately 1,200 Wildlife Service Agents statewide. This section provides the administrative and technical support for the Wildlife Service Agents.

**102413-WRC 1113 INFORMATION TECHNOLOGY BC 14350**

The Information Technology section provides administrative support in the form of information technology services, end user and networking support, and application system development and maintenance for the NCWRC to increase the level and efficiency of our service to agency personnel and our external customers. This support includes reviewing and documenting business requirements, researching appropriate technology options, and acquiring or developing systems and programs to accomplish those requirements, maintaining, or reviewing infrastructure, software, and databases for hunting and fishing licenses, boat registrations, vessel titles, magazine subscriptions, federal aid, and other activities. This section also designs applications and reports to capture data from mail surveys and other biological and statistical information used to make management decisions relative to a sound and progressive wildlife program. The Information Technology section is responsible for the technical design, maintenance or reviewing of WRC's Internet and Intranet sites, the agency's e-mail system, and hardware and software support for all internal and field staff within the agency.

**102415-WRC 1115 PURCHASING & DISTRIBUTION BC 14350**

The Purchasing & Distribution section is the centralized location for procurement. The section's responsibilities are defined and directed by policies and procedures dictated by the NCWRC, the Division of Purchase and Contract, the Dept. of Information Technology, the NC Administrative Code and NC General Statutes. These mechanisms are intended to produce a procurement process that produces a predictable, logical and streamlined outcome that enables the agency to achieve its mission.

**102421-WRC 1121 ENFORCEMENT BC 14350**

The purpose of this fund is to provide 24-hour law enforcement services from sworn state law enforcement officers dedicated to enforcing conservation and public safety laws. It will support these Law Enforcement Officers in facilitating educational programs state-wide, assisting N.C. Emergency Management Operations during natural disasters, managing a telecommunications center for reporting violations, and providing training for new and currently employed officers. Additionally, it will fund warehouse operations and product distribution for the agency.

It is the mission of the Wildlife Education Division to bring an awareness of the importance of the agency, its mission, and its programs to the public; and to engage with and influence those individuals through education and opportunities, so they actively participate in the conservation of the state's wildlife resources. Specific programs the Division delivers include Hunting, Fishing, and Conservation Education and Outreach that increase the agency's Relevancy through Recruitment, Retention, and Reactivation (R3) guidance.

**102461-WRC 1161 ENGINEERING WATER ACCESS BC 14350**

This program provides for access, resource-based recreational opportunities, and safe use of North Carolina's public waters. Major programs include but are not limited to the Boating Access, the Fishing Access, the Aids in Navigation, Clean Vessel Act and Abandoned and Derelict Vessel programs. These programs are interrelated in that they provide increased opportunity of citizen's ability to safely access the state's water resources.

**14350-Wildlife Resources Commission - General Fund**

**102467-WRC 1167 RASP BC 14350**

This program manages the Red-Cockaded Woodpecker (RCW) Recovery and Sustainment Program (RASP). This program supports a partnership with the North Carolina Wildlife Resources Commission, National Fish and Wildlife Foundation, Marine Corps at Camp Lejeune, and US Fish & Wildlife Service. The purpose of RASP is to reduce training impacts on Camp Lejeune associated with RCW endangered species requirements by create favorable habitat for RCW populations on Commission property and transferring some portion of Lejeune's RCW recovery requirements to the Commission.

**206135-WRC 2135 PUBLICATIONS BC 24350**

The purpose of this fund is to create, publish, and distribute Wildlife in North Carolina magazine. The magazine serves to educate the NCWRC, recreationalists and the general public about the sound conservation of North Carolina's wildlife, other interrelated natural resources and the environment we share with them. This is accomplished by planning content of issues, writing stories, editing stories from freelancers, taking photographs, purchasing photos from other sources, creating graphics and charts, using graphic design to create magazine layouts, proofreading at every step of assembly, and delivering files to a printing company for magazine printing and distribution. Educating the public about the state's natural resources and recreational opportunities therein can encourage people to 1) participate in outdoor activities and 2) actively support the agency's conservation and management actions.

**206165-WRC 2165 FALLS/JORDAN LAKE BC 24350**

The purpose of this fund is to provide a mechanism for identifying receipts generated from lands leased to the Wildlife Resources Commission by the U.S. Army Corps of Engineers for allocation back to Butner-Falls of Neuse and Jordan Game Lands for management of wildlife habitats and the provision of infrastructure to facilitate public use by hunters, anglers, boaters, trappers, wildlife viewers, and other approved resource-based recreational users. Consistent with the agency mission to augment delivery of comprehensive and sound wildlife conservation programs, this fund is used to support timber harvest, prescribed fire, manipulation of habitats, and public use infrastructure necessary to establish and maintain a distribution of various habitat types to support the needs of resident wildlife species and to facilitate public use.

The purpose of this fund is to provide funding to manage, restore, develop, cultivate, conserve, protect, and regulate the wildlife resources of the State of North Carolina. This fund is one of the core funds that addresses the purpose of the agency as enacted by the General Assembly "to the end that there may be provided a sound, constructive, comprehensive, continuing, and economical game, game fish, and wildlife program." The Division of Wildlife Management administers and directs wildlife management work relating to the wise use and conservation of terrestrial wildlife resources. Groups that benefit include hunters, landowners through technical guidance programs, wildlife watchers, conservationists, outdoor enthusiasts and any citizen that cares about wildlife or that benefits from clean air, clean water, and undeveloped spaces.

**206252-WRC 2252 WILDLIFE DIVERSITY PROG BC 24351**

The Wildlife Diversity Program of the Division of Wildlife Management defines and describes North Carolina's terrestrial wildlife that is generally referred to as non-game species. Through research, surveys, inventories, habitat conservation, and land conservation, the Wildlife Diversity Program conducts or provides recommendations for conservation, restoration, or enhancement of sustainable wildlife populations and habitats, and integrates wildlife needs for the use and enjoyment of NC citizens. The Wildlife Diversity program's purpose is consistent with agency's mission to provide a sound and comprehensive wildlife conservation program. Adequate and consistent sources of state funds for the Wildlife Diversity program are needed to match federal allocations and to maintain and expand the Wildlife Diversity projects and programs to meet goals and objectives of the agency, including those described in the NC Wildlife Action Plan.

**206254-WRC 2254 WATERFOWL FUND BC 24351**

The Waterfowl Fund accounts for all receipts and expenditures incurred for the advancement of waterfowl management and research, and waterfowl habitat and wetlands improvement in North Carolina for NC citizens and citizens elsewhere in North America. This work consists of inventories of populations, monitoring, research, habitat management and technical guidance to landowners for the purposes of improving wetlands and other waterfowl habitat conditions across the state and collectively with other states and countries to maintain healthy and viable waterfowl populations. The programs and projects funded from the Waterfowl fund are consistent with agency's mission to provide a sound and comprehensive wildlife conservation program. The source of the receipts of this fund are the annual licenses sold as prescribed in G.S. 113-270.2B, and federal grants from the U.S. Fish & Wildlife Service that directly relate to the conservation of waterfowl.

This fund accounts for the receipts collected through the enforcement of the Motorboat Safety Act, G.S. 75A. This includes vessel registrations and titles for vessels operating in the waters of North Carolina. A portion of these receipts are transferred to the NC Department of Environmental Quality for the dredging fund. These receipts are also transferred to divisions in the Wildlife Resources Commission charged with administering and enforcing the act. These funds are 102414 (1114) - the Vessel Registration and Titling Division, 102421 (1121) - the Enforcement Division, and 102461 (1161) - the Engineering Water Access Division, all in the 14350 budget code.

**104619-COMMERCE 1552 TRAVEL AND TOURISM BC 14600**

The Department of Commerce's nine Welcome Centers promote thousands of tourism-related businesses, attractions, accommodations, events and more, to visitors in North Carolina who are actively seeking travel information. For many of these businesses, these free Welcome center services (and other tourism services) are their only affordable marketing tool. Located on interstate highways, just inside the state line, each Welcome Center has a statewide focus, with an emphasis on information for visitors traveling a particular interstate corridor. Professional, nationally certified travel counselors located at each Welcome Center, distribute the state's Official North Carolina Travel Guide, the Department of Transportation's official state map and other marketing publications exclusively about North Carolina; offer detailed and personalized travel information in clean, modern facilities; book room reservations at no charge for visitors staying overnight in North Carolina; and provide individual assistance to build personal connections with visitors.

**104622-COMMERCE 1581 INDUSTRIAL FINANCING BC 14600**

The Industrial Finance Center administers the duties charged to the Secretary of the NC Department of Commerce by the General Assembly. The goal is to provide a one-stop financial center to which existing employers and relocating companies come for information on financing alternatives available in North Carolina. The division's responsibility is to encourage investment, create new jobs and save existing jobs, and to entice prospective employers to North Carolina in order to provide better paying jobs for North Carolina citizens.

The Community Development Block Grant (CDBG) provides funds to local governments to maintain and develop affordable housing, sustain a suitable living environment, and expand economic opportunities. Funds come to the state through an annual allocation from the federal Department of Housing and Urban Development (HUD). Per federal statute, the majority of assistance is targeted to low and moderate income families and is used to stimulate lasting improvements through improving housing, providing public facilities, and creating new jobs by expanding existing businesses and supporting the creation of new businesses. Funds are directed to meet local needs developed through a collaborative effort with three sister agencies and public input gathered through extensive public hearings.

**104701-COMMERCE 1121 BIOTECHNOLOGY CENTER BC 14601**

The mission of the North Carolina Biotechnology Center, a private, non-profit corporation, is to provide long-term economic benefit to North Carolina through support of biotechnology research, development, and commercialization. To fulfill this mission, the center strives to achieve the following goals: 1) strengthen North Carolina's research capabilities in its academic and industrial institutions; 2) foster North Carolina's industrial development; 3) inform and educate the public about biotechnology; 4) develop mutually beneficial partnerships among all parties involved in moving biotechnology from research to commercialization; and 5) establish for North Carolina a leadership role in biotechnology and its commercialization. Among the ways in which the center works to meet these goals is through a variety of grant and loan programs, intellectual exchange activities, a comprehensive workforce training initiative, and working with local community leaders to strengthen biotechnology throughout the State.

**209500-COMMERCE 2604 MOREHEAD CITY NAVIGATION BC 24604**

Per G.S. 76A Sub-chapter II, Article 4, the Morehead City Navigation and Pilotage Commission was established for the safe and expeditious movement of waterborne commerce on the navigable waters of North Carolina. The commission has the power to license and regulate pilots familiar with the waters of the Morehead City Harbor and other areas identified in the statute as the regulated area. The commission consists of three voting members, all appointed by the Governor.

Per G.S. 76A, sub chapter II, article 1, the Cape Fear Navigation and Pilotage Commission was established for the safe and expeditious movement of waterborne commerce on the navigable waters of North Carolina. The commission has the power to license and regulate pilots familiar with the waters of the Cape Fear River and Bar. The commission consists of five voting members, four appointed by the Governor and one appointed by the president of the Wilmington-Cape Fear Pilots Association.

**209584-COMMERCE 2565 JDIG SPECIAL REVENUE BC 24609**

The Job Development Investment Grant (JDIG) Special Revenue fund awards grants directly to new and expanding businesses that will provide economic benefits to the State, and need the grant to carry out the project in North Carolina. Grants are based on the job creation and investment commitment made by companies in their formal applications to the State prior to a location decision. Grant funds are disbursed annually to approved companies based on a percentage of withholding taxes paid by new employees, following satisfaction of performance criteria set out in grant agreements.

**209587-COMMERCE 2568 IDF UTILITY ACCOUNT BC 24609**

The Industrial Development Fund Utility account will provide funds to assist local units of government in the most economically distressed counties in the State in creating jobs. The funds must be used for construction or improvements to public infrastructure such as water and sewer, and the improvements must be located on the site of the facility or shall be directly related to the operation of the specific eligible industry activity. SB402 consolidated funds in the previous Industrial Development and Industrial Development Utility Funds into one fund in 2013-14.

**209607-COMMERCE 2706 REDD-EDA GRANT BC 24609**

Record expenditures related to the initiative in Supporting and Strengthening Resiliency in North Carolina's Travel, Tourism, and Outdoor Recreation Sectors. This initiative will invest over \$6.4 million in resources from the U.S. Economic Development Administration (EDA) to develop and implement economy-building strategies that capitalize on the state's abundant natural, cultural, and other tourism assets as well as its growing outdoor recreation business and gear-building industry.

Overseen by the North Carolina Office of Pandemic Recovery, a collaborative partnership created between Appalachian State University, the Economic Development Partnership of North Carolina, the North Carolina Restaurant and Lodging Association Foundation and the North Carolina Department of Commerce's Rural Economic Development Division.
