## Introduction

*The Base Budget Line Item Detail, 2025-27* is the baseline for the upcoming biennium. It details the Governor's recommended fiscal plan for continuing operations of the state of North Carolina for the upcoming biennium.

The base budget for each state agency represents the authorized budget for that agency with certain allowable adjustments (see "Base Budget" under Definitions below).

The various agencies of state government are grouped by the following functions, with a separate Base Budget report provided for each:

- Education
- General Government
- Health & Human Services
- Justice & Public Safety
- Natural & Economic Resources
- Transportation
- Statewide Reserves

These functional groupings correspond to the sections of the Governor's Recommended Budget.

The Base Budget is prepared by the Office of State Budget and Management (OSBM).

## How to Read the Base Budget

The Base Budget is organized by state agency/department by budget code. Each budget code is broken into one or more budget funds to separate and manage budgeting activities. Within each budget fund, accounts provide a method to categorize the requirement ("expense") or receipt type. Counts of the number of personnel positions, also known as full-time equivalents or FTE, are also provided.

Different reports show various breakdowns of the totals to provide greater transparency and visibility. Within the report, each budget code contains 4 different views:

- Summary
- Summary by Purpose/Fund
- Summary by Account
- Fund Detail by Account, with a description of the purpose of each budget fund

All reports are generated by the NC Integrated Budget Information System (NC IBIS) and are termed "Worksheet I" in NC IBIS.

Each report has eight main columns:

- 1) Description of the expenditure or receipt
- 2) Amount spent or received as of June 30 of the first year (2023-24) of the current biennium (2023-25)
- 3) OSBM certified amount for FY 2024-25, including legislatively authorized revisions.
- 4) OSBM authorized amount for FY 2024-25, including revisions authorized by legislation and/or by OSBM
- 5) Amount of recommended increase or decrease for the first year (2025-26) of the next biennium (2025-27), as compared to the current year (2024-25) authorized amount
- 6) Total amount requested for the first year (2025-26) of the next biennium (2025-27)
- 7) Amount of the recommended increase or decrease for the second year (2026-27) of the next biennium (2025-27), as compared to the current year (2024-25) authorized amount
- 8) Total amount requested for the second year (2026-27) of the next biennium

## Definitions

### Authorized Budget

The certified budget plus revisions delegated to the OSBM and to agencies by the State Budget Act.

### Base Budget

The portion of the recommended budget that provides the baseline for the next biennium. The base budget for each state agency is the authorized budget for that agency with adjustments for the following:

1. annualization of programs and positions;
2. reductions to adjust for items funded with nonrecurring funds during the prior fiscal biennium;
3. increases to adjust for nonrecurring reductions during the prior fiscal biennium;
4. adjustments for federal payroll tax changes;
5. rate increases in accordance with the terms of existing leases of real property;
6. adjustments to receipt projections, made in accordance with GS 143C-3-5(b)(2)c.;
7. reconciliation of intra-governmental and inter-governmental transfers.

### Budget Code

OSBM and the Office of State Controller together with the State Treasurer determine a five-digit number (budget code) for budgetary reporting. This number generally identifies major fund types and the responsible entity for reporting. The first digit is the fund type. The second and third digits are usually the department/division code.

Budget codes are established for the following fund types:

- 0xxxx - Institutional Funds Revenue
- 1xxxx – General Fund
- 2xxxx - Special Funds
- 3xxxx - Federal Funds
- 4xxxx - Capital Project Funds
- 5xxxx - Enterprise Funds
- 6xxxx – Trust and Agency Funds
- 7xxxx - Service Funds
- 8xxxx - Highway Funds

### Certified Budget

Once the state budget is approved by the General Assembly and released, the Office of State Budget and Management (OSBM) certifies the official budgets to state agencies. Agencies then operate with the new budget. The State Budget Officer certifies the appropriations, revenue, and condition of the fund to the Office of State Controller and the State Treasurer. The certified budget reflects budget revisions that were mandated by the General Assembly.

### Change Budget

The portion of the recommended budget that is an expansion or reduction from the base budget. The change includes enrollment adjustments, entitlement adjustments, one-time purchases, inflationary adjustments, new or expanded programs, as well as other adjustments.

### Budget Fund Code

Budget Funds (or budget centers) are established when authorized by the General Assembly; changes in the accounting standards; authorizations by OSBM; and/or grant awards from federal, state, local, or private agencies, or individuals. The budget fund code is a six-digit number that, with its parent budget code, uniquely identifies the fund.

### Recommended Budget

Total of the base and change budgets submitted by the Governor to the General Assembly.

### Worksheet I

A component of the NC Integrated Budget Information System (NC IBIS) used by state agencies to develop their budget requests for the General Assembly.

**100-Department of Agriculture**

**13700-Agriculture and Consumer Services - General Fund**

**101301-AGRI 1011 GENERAL ADMINISTRATION BC 13700**

General Administration provides executive guidance to divisions with regard to departmental and state government policy, and manages the resources of the department to meet current, evolving, and long-range needs of agriculture and the citizens of North Carolina. Activities include planning, policy development, legal and other administrative/supervisory functions.

**100-Department of Agriculture**

**13700-Agriculture and Consumer Services - General Fund**

**101303-AGRI 1013 PUBLIC AFFAIRS BC 13700**

The Public Affairs Division promotes the state's agricultural industry as well as the department's programs to ensure residents know what services are provided and the rules the department enforces. Through the news media, publications and other avenues, the division also alerts and informs the public about consumer and agricultural issues of critical importance, such as food recalls and animal diseases. In addition, the division helps the non-farming public understand the tremendous importance of agriculture in the state and make the connection between the farm and the high-quality food and fiber that residents enjoy.

**100-Department of Agriculture**

**13700-Agriculture and Consumer Services - General Fund**

**101306-AGRI 1017 EMERGENCY PROGRAMS BC 13700**

The Emergency Programs Division employs medically trained and skilled individuals and finances the development of necessary operations for North Carolina's agriculture emergency response. This agency is the Emergency Support Function (ESF) 11 lead and therefore, 1) evaluates the effectiveness, accessibility, and quality of available Departmental and community-based agricultural services to respond to all-hazard emergency events; (2) develops and maintains policies and plans that support the agricultural community's efforts in preparing for and responding to all-hazards emergency events; (3) trains for food and agriculture emergency preparedness and enforces laws and regulations that protect public, animal, livestock, plant, and/or crop health and ensures their general safety in case of an all-hazards emergency event; and (4) assures integration of high risk and economically significant food and agriculture facilities into the Homeland Security Critical Infrastructure Protection Program.

**101309-AGRI 1020 MARKETS BC 13700**

The Marketing Division promotes the domestic and international sale of North Carolina agricultural products, develops and expands markets, reports farm market prices on major commodities, and determines and certifies official grades of farm products. The Division assist farmers in the marketing of their products by operating regional farmers markets in Asheville, Charlotte, Greensboro and Raleigh plus regional marketing offices in Asheville, Kinston, and Elizabeth City. The agricultural centers showcase and promote agriculture and/or livestock/equine at the Western North Carolina Agricultural Center, the Senator Bob Martin Eastern Agricultural Center and the Southeastern NC Agricultural Events Center. The Agribusiness Section encourages the further development of aquaculture to promote economic growth, to augment food supplies, and to increase stocks of native aquatic species.

**100-Department of Agriculture**

**13700-Agriculture and Consumer Services - General Fund**

**101311-AGRI 1027 PROPERTY & CONSTRUCTION BC 13700**

The Property and Construction Division oversees the Department's capital improvements, real property and engineering consulting program. The Property Section is responsible for oversight of the real property assets specifically the land and buildings managed by NCDA&CS. The Construction Section is responsible for managing capital improvements and repair and renovations projects, providing expertise to facility managers and technical assistance to the agribusiness community.

**101315-AGRI 1040 AGRONOMIC SERVICES BC 13700**

The Agronomic Services Division provides NC citizens with diagnostic and advisory services that increase agricultural productivity, promote responsible land management, and safeguard environmental quality. This program includes laboratory analysis of soil, plant, waste, solution and nematode samples, and on-site assistance from a staff of regional agronomists.

**100-Department of Agriculture**

**13700-Agriculture and Consumer Services - General Fund**

**101316-AGRI 1050 FEDERAL-STATE AGRICULTURAL STATISTICS BC 13700**

The Agricultural Statistics Division enhances sound production and management decisions among farmers by providing comprehensive agricultural statistical information through collection and analysis of prices, wages, production, and environmental estimates for all major crops and livestock in North Carolina. The division also supports the department with administration of data processing, publication design, and printing.

**101318-AGRI 1070 COMMERCIAL FEED AND PET BC 13700**

The Commercial Feed and Pet Food Section enforces the North Carolina Commercial Feed Law to ensure compliance with state and federal regulations requiring that those products being purchased to feed animals are wholesome, free of harmful chemicals, properly labeled, and meet nutritional guarantees. This enforcement is accomplished through annual registrations and through annual inspections of feed manufacturers and distributors where samples are collected for laboratory analysis to reduce the incidence of non-compliance. The section's goal is to protect livestock and poultry feeders and pet owners by assuring them that supplies of feed are of satisfactory quality, and adequately and accurately labeled. The section also provides nutritional data to livestock producers feeding farm grown and mixed animal feeds through our forage testing program.

**101319-AGRI 1080 COMMERCIAL FERTILIZER AN BC 13700**

The Commercial Fertilizer Analysis Section assures consumers that the commercial fertilizer and liming materials they purchase meet manufacturers' label guarantees for nutrients by conducting laboratory analysis on the declared ingredients. Effective 7/1/19, the Fund will be consolidated with Fund 1100 as part of the Food and Drug Protection Division and identified as Cost Center 11001080.

**101320-AGRI 1090 PESTICIDE CONTROL AND ANALYSIS BC 13700**

The Structural Pest Control and Pesticides Division regulates pesticide manufacturing, distribution, sales, application, and service industries within the State. The division's critical services protect public health, safety, and welfare; promote continued environmental quality, and provide other important benefits, including consumer protection, by minimizing and managing risks associated with the legal use of pesticides; improving the quality of pest management and structural pest control services; reducing fraudulent or unscrupulous activities; and regulating the registration, distribution, sales, handling, application, storage and disposal of pesticides.

**101322-AGRI 1120 STRUCTURAL PEST BC 13700**

The Structural Pest Control and Pesticides Division regulates pesticide manufacturing, distribution, sales, application, and service industries within the State. The Division's critical services protect public health, safety, and welfare; promote continued environmental quality, and provide other important benefits, including consumer protection, by minimizing and managing risks associated with the legal use of pesticides; improving the quality of pest management and structural pest control services; reducing fraudulent or unscrupulous activities; and regulating the registration, distribution, sales, handling, application, storage and disposal of pesticides.

**101324-AGRI 1140 MEAT AND POULTRY INSPECT BC 13700**

The Meat and Poultry Inspection Division provides inspection oversight on a daily basis to meat and poultry slaughter and processing establishments and custom exempt operations on periodic visits, by enforcing State and Federal meat and poultry laws, rules, and regulations. The Meat and Poultry Inspection Division's Compliance personnel work to prevent and detect violations of the meat and poultry inspection laws throughout our state. The main objective of the Meat and Poultry Inspection Division is to enforce all state and federal laws designed to ensure the meat and poultry products entering commerce and sold to consumers are wholesome, unadulterated, and properly labeled.

**101325-AGRI 1150 WEIGHTS AND MEASURES INS BC 13700**

The Weights and Measures Inspection programs within the Standards Division protect the purchasers and sellers of commodities by ensuring that uniform standards of weights and measures, traceable to the national standards, are used throughout the state. To carry out this responsibility, the division employs a system of random inspections along with the appropriate enforcement actions to identify weighing and measuring devices and packages not in conformance with the law and regulations. The appropriate section's inspectors investigate complaints in any of these areas. The division also provides laboratory measurement services accredited by the National Institute of Standards and Technology and the National Voluntary Laboratory Accreditation Program (NVLAP)

**13700-Agriculture and Consumer Services - General Fund**

**101326-AGRI 1160 GASOLINE AND OIL INSPECT BC 13700**

The Gasoline and Oil Inspection programs within the Standards Division protect the users of petroleum products from receiving inferior quality and inaccurate measurements as well as protecting the public from the unsafe use, storage, and transportation of liquefied petroleum gas. To carry out these responsibilities, the division employs a system of random inspections, which identifies products, devices, and installations not in conformance with the law and regulations along with the appropriate enforcement actions. The appropriate section's inspectors investigate complaints in any of these areas.

**Requirements**

**101328-AGRI 1175 SEED AND FERTILIZER BC 13700**

The Seed and Fertilizer Section of the Plant Industry Division protects manufacturers, distributors, and consumers by ensuring that seed and fertilizer, along with other soil additives, offered for sale in North Carolina meet standards mandated in laws and regulations. The Section conducts inspections, sampling and analysis of seed and fertilizers, and applies appropriate enforcement actions for products found to be out of compliance with the applicable laws and regulations. Through the NC Seed Laboratory, this unit conducts purity, germination, and other specialized tests on official and service seed samples.

**101329-AGRI 1180 PLANT PROTECTION BC 13700**

The Plant Protection Program of the Plant Industry Division protects the state's plants and plant products from the adverse impacts of quarantine plant pests through the implementation of applicable regulatory laws and regulations. Staff conducts surveillance, monitoring, control, and eradication for plant pests including insects, diseases, and weeds and provide support to agricultural and horticultural industries by facilitating interstate and export certification for movement of plants and products. The program protects the native flora and natural habitats of the state and regulates the wild or native collected plant trade by implementing regulatory programs, conservation, and restoration projects. The program conserves and enhances honeybees by conducting hive inspections and elimination of disease organisms and implements biological control programs to benefit the environment and citizens of the state.

**101330-AGRI 1190 RESEARCH STATIONS OPERAT BC 13700**

The Research Stations Division manages multiple agronomic and livestock facilities that serve as a platform for agricultural research. The objective of this program is to conduct research resulting in information that ensures that agricultural production systems become more efficient, productive, and profitable while maintaining a sound environment and providing all consumers safe and affordable food and fiber products. The research stations serve as an outdoor field laboratory to conduct research, teaching, and demonstrations for producers, university researchers, extension agents, and the general public.

**101332-AGRI 1210 DISTRIBUTION OF USDA DON BC 13700**

The Food Distribution Division is a state agency mandated by the US Department of Agriculture to administer eight federally funded food assistance programs for the State of North Carolina. This division orders, receives, stores, and distributes approximately 70 million dollars in federally donated commodities to eligible agencies that apply for assistance. These agencies include, but are not limited to, schools, food banks, soup kitchens, state institutions as well as private non-profit agencies that meet federal tax exemption requirements and provide meals on a regular basis. The Food Distribution Division provides and transports foods for emergency relief in disaster situations in this state and nationally. The Division transports locally grown fresh fruits and vegetables from North Carolina farmers to schools participating in this state's Farm-to-School Program.

**100-Department of Agriculture**

**13700-Agriculture and Consumer Services - General Fund**

**101336-AGRI 1510 NC FOREST SERVICE BC 13700**

The NC Forest Service protects forest resources from fire, insects, disease, and water quality degradation; assists landowners in managing their forests for a variety of commercial forest products; and develops and protects the associated noncommercial values such as wildlife habitat, soil and water protection, and forest aesthetics. This fund also provides environmental education to school age children and adults to raise their awareness level and appreciation of the benefits of the forests and trees in rural and urban environments.

**101338-AGRI 1535 NCFY YOUNG OFFENDERS PGM BC 13700**

The Young Offenders Program provides rehabilitation for selected youthful offenders through forestry and forestry-related training and work projects in cooperation with the Division of Prisons. This program also reduces operating costs for the NC Forest Service by producing trained firefighters to help suppress forest fires, operate forest tree nurseries, and assist the Division of Parks and Recreation.

**Requirements**

**100-Department of Agriculture**

**23700-Agriculture and Consumer Services - Livestock Acquisition**

**203500-AGRI 2103 LIVESTOCK ACQUISITION FUND BC 23700**

A revolving fund used to purchase animals for research projects. Revenues are generated from the sale of livestock. At the conclusion of a research project, the finished animals are sold, and the proceeds are deposited back into this fund. The cash balance is retained for future livestock purchases in research programs.

**203507-AGRI 2109 PLANT CONSERVATION-DOT BC 23700**

Per G.S. 106-202.17, NC DOT paved Skyula Mountain Road. The roadwork negatively impacted the White Irisette, a federally endangered species. DOT agreed to conservation measures for the protection of the habitat for the White Irisette and provided a one-time payment to NCD&CS for managing or acquiring the White Irisette habitat.

**23700-Agriculture and Consumer Services - Livestock Acquisition**

**203555-AGRI 2177 NCFs JORDAN LAKE CORP EN BC 23700**

In 1981, the State of North Carolina entered into a lease with the US Army Corps of Engineers to manage 45,478 acres of land around Jordan Lake. The lease requires that all funds generated from the land be used for the administration, operation and development of the property. This fund houses fees received from the rental of the conference and training room at the Stan Adams Training Facility.

Per G.S. 166A-19.77, this fund houses the reimbursements for fire/emergency services rendered to other government entities and receipts of any applicable state or federal funding. The North Carolina Forest Service (NCFS) is designated as an emergency response agency for supporting the Division of Emergency Management, Department of Public Safety in responding to all-risk incidents. NCFS also has cooperative agreements with the federal government and other states to supply resources for fire suppression.

**100-Department of Agriculture**

**23703-Agriculture and Consumer Services - Tobacco Trust Fund**

**203751-AGRI 2801 TOBACCO COMM-ADMIN BC 23703**

Per G.S. 143 Article 75, this fund was established in 2000 after 46 state Attorney Generals signed the Master Settlement Agreement (MSA) with four of the nation's largest cigarette manufacturers. It was mandated that the Tobacco Trust Fund Commission (TTFC) receive 25% of the funds from the MSA to provide grants and assistance to programs that support, foster, encourage and facilitate a stronger agricultural economy, alleviate and avoid unemployment, preserve and increase local tax bases, encourage economic stability and optimally use natural resources in NC. Beginning with SL 2011-145, the funding for the TTFC is a General Fund appropriation to the Department.

**100-Department of Agriculture**

**23703-Agriculture and Consumer Services - Tobacco Trust Fund**

**203752-AGRI 2802 TOBACCO COMMISSION BC 23703**

Per G.S. 143 Article 75, the Tobacco Trust Fund Commission (TTFC) was established in 2000 after 46 state Attorney Generals signed the Master Settlement Agreement (MSA) with four of the nation's largest cigarette manufacturers. It was mandated that the TTFC receive 25% of the funds from the MSA to provide grants and assistance to programs that support, foster, encourage and facilitate a stronger agricultural economy, alleviate and avoid unemployment, preserve and increase local tax bases, encourage economic stability and optimally use natural resources in NC. Beginning with SL 2011-145, the funding for the TTFC is a General Fund appropriation to the Department. This fund represents the interest income to the program.

**100-Department of Agriculture**

**23704-Agriculture and Consumer Services - Soil and Water Conservation**

**203775-AGRI 2705 TAR-PAM RELOCATION LOCAL BC 23704**

This fund houses the receipts from EPA Section 319 to implement the Neuse and Tar-Pamlico Nutrient Sensitive Waters Strategy, specifically the agriculture rule. Funds are used to install and account for best management practice implementation to address nonpoint source pollution in the Neuse and Tar-Pamlico River Basins in accordance with the Nutrient Sensitive Waters Strategies. The fund also includes residual funds from the Tar-Pamlico Basin Association transferred to the division as part of the Tar-Pamlico Nutrient Trading Agreement.

**100-Department of Agriculture**

**23704-Agriculture and Consumer Services - Soil and Water Conservation**

**203779-AGRI 2711 CREP EXPANSION BC 23704**

Per S.L. 2006-66 (Part XI, Section 11.1), this fund houses money to acquire conservation easements and install best management practices for water quality under the Conservation Reserve Enhancement Program (CREP). These funds constitute a significant portion of the required 20% state match for the \$274 million program, with the balance of funds coming from the US Department of Agriculture. The program works in conjunction with local soil and water conservation districts to implement best management practices on enrolled land.

The Forest Development Program (FDP) provides financial incentives to private landowners to improve the productivity of North Carolina's forest base by planting, seeding, or otherwise establishing new forests while protecting the environmental quality of these forests. This program also provides incentives to improve an existing forest through implementation of forest improvement practices that enhance growth and stem quality.

**53700-Agriculture and Consumer Services - Farmers Market**

**500001-AGRI 5100 FARMERS MARKET-RALEIGH BC 53700**

The Raleigh Farmers Market provides an outlet for farmer grown North Carolina agricultural products. In addition to managing market facilities to maximize their availability to buyers and sellers, market staff also collect and report data on the sale of products and provide marketing advice to producers, sellers, and buyers.

**53700-Agriculture and Consumer Services - Farmers Market**

**500003-AGRI 5300 PIEDMONT TRIAD FRM MKT BC 53700**

The Piedmont Triad Farmers Market provides an outlet for farmer grown North Carolina agricultural products. In addition to managing market facilities to maximize their availability to buyers and sellers, market staff also collect and report data on the sale of products and provide marketing advice to producers, sellers, and buyers.

**100-Department of Agriculture**

**53725-Agriculture and Consumer Services - Western North Carolina Agricultural Fair**

**500026-AGRI 5210 WNC AGRICULTURAL CENTER BC 53725**

The Western North Carolina Agricultural Center promotes the showing and selling of cattle and other livestock in the livestock sales arena, plus it provides a venue for numerous horse shows, training sessions, and many other types of farm related events. It serves all of Western North Carolina as a place for 4-H shows and meetings and even serves as the Mid-Atlantic base for the North Carolina Forestry Service during fire emergencies. The North Carolina Highway Patrol has an office at this facility for their flight operations base.

**100-Department of Agriculture**

**53750-Agriculture and Consumer Services - North Carolina State Fair**

**500051-AGRI 5110 ADMINISTRATION BC 53750**

The NC State Fair Division showcases and promotes the state's agriculture, agribusiness, arts and crafts, and culture through the annual agricultural fair. Fairground property is leased on a short-term basis, during non-fair times (47 weeks per year) to the best interests of the public.

**601412-AGRI 6137 PESTICIDE ENVIRONMENTAL TRUST FUND BC 63700**

The Structural Pest Control and Pesticides Division administers the Pesticide Environmental Trust Fund (PETF) and is responsible for overseeing the management of the various programs and projects that are funded by the PETF. In 1993, the North Carolina General Assembly created the PETF under the North Carolina Pesticide Law of 1971, Section 143-468(b). This law requires companies registering pesticide products in North Carolina to pay an additional \$25 or \$50 environmental assessment fee for each brand registered with the North Carolina Department of Agriculture & Consumer Services. Companies must pay \$25 for products with annual sales less than \$5,000, and \$50 for products with annual sales \$5,000 or greater. The assessments are based on gross sales of a given pesticide within the state the previous year. Fees collected from this assessment are deposited into the Department's Pesticide Environmental Trust Fund.

**63701-Agriculture and Consumer Services - Land Preservation and Trust Investment**

**601450-AGRI 6208 FARMLAND PRESERVATION BC 63701**

Fund was originally established in order for the State to earn interest on the deposited Farmland Preservation funds. The Agricultural Development and Farmland Preservation Trust Fund (ADFPTF) per GS 106-735 through GS 106-744 supports the purchase of agricultural conservation easements; public and private enterprise programs to promote profitable and sustainable family farms; and conservation agreements targeted at the active production of food, fiber and other agricultural products. Per SL 2021-180, the activity of the ADFPTF was transferred from Budget Code 23700, Fund 2108 to Budget Code 63701, Fund 6208.

**601476-AGRI 6601 SMALL FAMILY FARMS LOANS BC 63702**

These funds are to provide financial assistance to economically stressed small farmers who were experiencing difficulties remaining in their operations. The intended target groups for this program and the NC Rural Rehabilitation Corporation (NCRRC) program are identical. The funds are intended to be a supplementary source of funds to further the objectives of the NCRRC program.

**601477-AGRI 6602 REHAB LOAN FUND BC 63702**

The Rehabilitation Loan Fund, administered by the NC Agricultural Finance Authority (NCAFA), provides financing for purchase, development, and improvement of family farms. Funds are also used for financing food-processing plants located in non-urban areas. Use of guarantees on loans to minimize the delinquency rate among borrowers is implemented where possible. The NC Rural Rehabilitation Corporation (NCRRC) was administratively transferred to NCAFA in 2001 and NCAFA has performed all necessary services to continue the lending and collecting in a manner consistent with maximizing the impact of the available resources.

**63704-Agriculture and Consumer Services - Cooperative Grading**

**601526-AGRI 6422 MEAT & POULTRY GRADING BC 63704**

Poultry Grading is a voluntary program provided under the Agricultural Marketing Act of 1946, and is offered on a fee-for-service basis. It is designed to assist the orderly marketing of poultry products. Quality in practical terms refers to the usability, desirability, and value of a product, as well as its marketability. Poultry grade standards identify and measure degrees of quality in poultry products. They permit important quality attributes to be evaluated uniformly and accurately; they provide a way for buyers and sellers to negotiate using a common language.

**63704-Agriculture and Consumer Services - Cooperative Grading**

**601528-AGRI 6424 COOPERATIVE GRADING SERVICE BC 63704**

The Cooperative Grading Service operates under the authority of the Agricultural Act of 1946 through a cooperative agreement with the USDA Fresh Products Branch. It is governed by Regulations Governing Inspection, Certification and Standards for Fresh Fruits, Vegetables and Other Products. Administrative Code 106-187 established that all funds collected by fees charged for services rendered to be deposited into a trust fund and to only be used for further service to the fruits, vegetable and peanut Industries. Inspection of some commodities are done on a volunteer basis. The current Farm Bill mandates commodities like peanuts to be inspected for incoming and outgoing quality regulations.

Grain grading is a self-supporting fee service that is available to farmers and the grain industry in the state. Grain graders in NC are licensed and supervised by USDA to issue US Grades on lots of grain being offered for inspection. Grain graders in the state act as referees between buyers and sellers of grain. NCDA&CS personnel aid the grain industry by training their personnel to grade grains by standards set forth by the USDA. NCDA&CS graders are licensed to grade the following: corn, soybeans, wheat, oats, rye, sorghum, barley, and sunflower.

**601561-AGRI 6136 PESTICIDE ENVIRONMENTAL ASSESSMENT BC 63705**

The Structural Pest Control and Pesticides Division administers the Pesticide Environmental Trust Fund (PETF) and is responsible for overseeing the management of the various programs and projects that are funded by the PETF. In 1993, the North Carolina General Assembly created the PETF under the North Carolina Pesticide Law of 1971, Section 143-468(b). This law requires companies registering pesticide products in North Carolina to pay an additional \$25 or \$50 environmental assessment fee for each brand registered with the North Carolina Department of Agriculture & Consumer Services. Companies must pay \$25 for products with annual sales less than \$5,000, and \$50 for products with annual sales \$5,000 or greater. The assessments are based on gross sales of a given pesticide within the state the previous year. Fees collected from this assessment are deposited into the Department's Pesticide Environmental Trust Fund.

**110-Department of Labor**

**13800-Labor - General Fund**

**101502-DOL 1120 ADMINISTRATIVE SERVICES BC 13800**

The purpose of this fund is to track expenditures and receipts related to (1) the development of departmental policies for all bureaus to ensure that all statutory requirements are met and program objectives are accomplished. The Commissioner's Office conducts periodic program reviews, coordinates departmental programs with other governmental agencies and carries out the statutory responsibilities of the Commissioner of Labor as a member of the Council of State; (2) providing administrative support for departmental programs in the areas of management, legal, internal audit, communications, and publications; (3) managing and improving effectiveness of departmental budgeting, purchasing, accounts receivable and payable, grant management and other fiscal responsibilities; and (4) creating and sustaining a comprehensive and dynamic human resources system to attract, retain, develop, and motivate a diverse, competent departmental workforce. Expenses in this fund are charged to both state appropriation and other receipts.

**110-Department of Labor**

**13800-Labor - General Fund**

**101504-DOL 1210 INFORMATION TECHNOLOGY BC 13800**

The purpose of this fund is to track expenditures and receipts related to facilitating the work of the department and improving efficiencies through the application development, implementation, and use of technology. Technical support is provided to applications software and desktop and server operating systems that include database design and administration for all divisions within the agency. Connectivity, access, and operational support are also provided to federal-level information systems within the U.S. Department of Labor required by the Occupational, Safety and Health Administration (OSHA). Expenses in this fund are charged all to state appropriation.

**13800-Labor - General Fund**

**101505-DOL 1310 BOILER SAFETY BUREAU BC 13800**

The purpose of this fund is to track expenditures and receipts related to operations that reduce risks of injury, property, and environmental damage resulting from catastrophic failure of boilers and pressure equipment. This is achieved through a program of inspections and certifications designed to enforce the rules for the fabrication/construction and installation of boilers and pressure vessels, as well as the repair and maintenance of pressure equipment in operation. Expenses in this fund are charged all to boiler receipts.

**13800-Labor - General Fund**

**101506-DOL 1320 ELEVATOR AND AMUSEMENT DEVICE BUREAU BC 13800**

The purpose of this fund is to track expenditures and receipts related operations that reduce incidences of injury and damage in the operation and installation of elevators, amusement devices, aerial passenger tramways, and related equipment. This program conducts safety inspections to safeguard individuals from serious and preventable injury due to the exposure of unsafe conditions on or around elevators, escalators dumbwaiters, aerial passenger tramways, workmen hoists, handicapped lifts, amusement rides and go-karts. Expenses in this fund are charged all to elevator and amusement receipts.

**13800-Labor - General Fund**

**101507-DOL 1330 MINE AND QUARRY BUREAU BC 13800**

The purpose of this fund is to track expenditures and receipts related to supporting the Mine and Quarry Program's enforcement of the 1975 Mine Safety and Health Act of North Carolina. The objective of this program is to reduce the number and severity of injuries and illnesses in the minerals industry through on-site evaluations and the delivery of quality safety and health education, training and consultation services. This program also helps mine and quarry operators with the provisions of the 1977 Federal Mine Safety and Health Act, which requires mine operators to meet specific standards including training and retraining in safe work practices and procedures of their employees. Expenses in this fund are charged to both state appropriation and federal grant receipts.

**110-Department of Labor**

**13800-Labor - General Fund**

**101509-DOL 1340 WAGE AND HOUR BUREAU BC 13800**

The purpose of this fund is to track expenditures and receipts related to operations that ensure the fairness of employment compensation, controlled substance testing, and private personnel services to all parties, and protect the safety and well-being of young workers through the enforcement of the North Carolina Wage and Hour Act, Controlled Substance Examination Regulation Act, Private Personnel Services Act, and the Job Listing Services Act. The Wage and Hour Bureau uses a combination of education and outreach efforts coupled with regulatory investigations to ensure businesses are compliant with these laws. Expenses in this fund are charged all to state appropriation.

**101510-DOL 1345 RETALIATORY EMPLOYMENT DISCRIMINATION BUREAU BC 13800**

The purpose of this fund is to track expenditures and receipts related to instilling employees with the confidence and ability to exercise their employment related rights without retaliation. This program enforces the Retaliatory Employment Discrimination Act (REDA), which prohibits discrimination and retaliation in the workplace by conducting fair, impartial, and timely employee complaint investigations. Expenses in this fund are charged all to state appropriation.

**13800-Labor - General Fund**

**101512-DOL 1350 OSH 23G - ADMINISTRATION BC 13800**

The purpose of this fund is to track expenditures and receipts related to operations of the Occupational Safety and Health (OSH) Division of NC. This program was established by the North Carolina General Assembly to administer the Occupational Safety and Health Act. OSH assists employers and employees in eliminating workplace hazards in an effort to reduce the number of injuries, illnesses, and fatalities. A multi-disciplinary approach is utilized to provide assistance. These program activities include on-site consultation, compliance inspections, and education and training. This fund (101512) is one of three funds (101512, 101514, and 101515) this program utilizes. Expenses in this fund are charged equally (50/50) to both state appropriation and federal grant receipts.

**101513-DOL 1351 OSH - REVIEW COMMISSION BC 13800**

The purpose of this fund is to track expenditures and receipts related to operations of the Safety & Health Review Commission of NC as set forth in NC General Statute § 95-135 by providing a forum to hear contestments of citations, penalties, and abatement periods issued by the NCDOL Occupational Safety and Health Division. The Safety & Health Review Commission's review is a two-tiered process with an evidentiary hearing held by Administrative Law Judges throughout the State. Decisions of the Administrative Law Judges may then be appealed to the three member Commission that is appointed by the Governor. The Commission's decision may be appealed first to the Superior Court, then to the North Carolina Court of Appeals, and finally to the North Carolina Supreme Court. Expenses in this fund are charged all to state appropriation.

**101514-DOL 1352 OSH 23G - STATE FUNDS BC 13800**

The purpose of this fund is to track expenditures and appropriated funds related to operations of the Occupational Safety and Health (OSH) Division of NC. This program was established by the North Carolina General Assembly to administer the Occupational Safety and Health Act. OSH assists employers and employees in eliminating workplace hazards in an effort to reduce the number of injuries, illnesses, and fatalities. A multi-disciplinary approach is utilized to provide assistance. These program activities include on-site consultation, compliance inspections, and education and training. This fund (101514) is one of three funds (101512, 101514, and 101515) this program utilizes. Expenses in this fund are charged all to state appropriation.

**13800-Labor - General Fund**

**101515-DOL 1353 OSH 23G -FEDERAL FUNDS BC 13800**

The purpose of this fund is to track expenditures and receipts related to operations of the Occupational Safety and Health (OSH) Division of NC. This program was established by the North Carolina General Assembly to administer the Occupational Safety and Health Act. OSH assists employers and employees in eliminating workplace hazards in an effort to reduce the number of injuries, illnesses, and fatalities. A multi-disciplinary approach is utilized to provide assistance. These program activities include on-site consultation, compliance inspections, and education and training. This fund (101515) is one of three funds (101512, 101514, and 101515) this program utilizes. Expenses in this fund are charged all to federal grant receipts.

**13800-Labor - General Fund**

**101516-DOL 1358 OSH 21D ON-SITE CONSULTATION BC 13800**

The purpose of this fund is to track expenditures and receipts related to operations of the Occupational Safety and Health (OSH) On-site Consultation Program for the identification and abatement of workplace hazards. Through the OSH On-Site Consultation Program and the Safety and Health Achievement Recognition Program (SHARP), the program's mission is to assist employers in improving their workplace safety and health for all workers as evidenced by fewer hazards, reduced exposures, and fewer injuries, illnesses, and fatalities. As a result, this program increases employer and worker awareness of, commitment to, and involvement in occupational safety and health programs. In the private sector, the On-Site Consultation Program focuses on providing free consultation to small employers with 500 or fewer employees in high hazard industries. In the public sector, the On-Site Consultation Program may serve any size employer; with priority given to those employers with the most hazardous operations. Expenses in this fund are charged to both state appropriation and federal grant receipts.

**110-Department of Labor**

**13800-Labor - General Fund**

**101517-DOL 1360 BLS STATISTICAL PROGRAM BC 13800**

The purpose of this fund is to track expenditures and receipts related to operations in the collection of data on workplace injuries and fatalities. The Bureau of Labor Statistics (BLS) collects data in which both the U.S. Department of Labor and the State utilizes in order to identify and provide safety and health education training to industries with high workplace injury and fatality rates. Expenses in this fund are charged equally (50/50) to both state appropriation and federal grant receipts.

**160-Department of Environmental Quality**

**14300-Department of Environmental Quality - General Fund**

**102155-DEQ 1130 REG -REGIONAL FIELD OFFICES BC 14300**

This fund provides an office manager in the seven regional offices to oversee day to day operations and manage support staff and related activities. In addition, the fund provides administrative staff to support the Department of Environmental Quality's various division field personnel located in the Regional Offices. These field personnel are the service delivery arms of the Department of Environmental Quality, the local contacts between the DEQ and citizens, businesses, and local government units. The field staff monitor compliance with regulations and permits, gather environmental data about areas of the state, and coordinate interagency and local communications.

**160-Department of Environmental Quality**

**14300-Department of Environmental Quality - General Fund**

**102156-DEQ 1140 ADM -ADMINISTRATIVE SERVICES BC 14300**

This fund supports the Executive Offices and Administrative Services divisions. The Executive Offices provide policy, management, and budget guidance for the Department of Environmental Quality programs, ensure that legislation is carried out, and implement policy directives of the Governor. Through planning, coordination, supervision, and management review and accountability, executives ensure that the Department of Environmental Quality operates efficiently and effectively. Administrative Services activities keep the department functioning, including: (1) accounting related activities; (2) budgeting and planning; (3) purchasing and contract administration, property management, and office support functions; (4) information technology infrastructure; (5) human resources management; (6) public information functions; (7) enterprise data modernization functions and (8) economic development partnership functions. In addition to administrative support, the fund also supports the programmatic, environmental education functions contained within the Office of Environmental Education and Public Affairs. The purpose of the environmental education section is to increase environmental literacy and natural resource stewardship in North Carolina by encouraging, promoting and supporting environmental education programs, facilities and resources throughout the state. The section serves as the state's clearinghouse for environmental education resources, and is responsible for implementing the N.C. Environmental Education Act, drafting the state's Environmental Education Plan and establishing policies to guide environmental education material and program development, including a certification program for professional development.

**Status : Approved**

**160-Department of Environmental Quality**

**14300-Department of Environmental Quality - General Fund**

**102167-DEQ 1315 DMF -MARINE FISHERIES-ADMIN BC 14300**

This fund supports staff who provide policy, managerial direction, strategic planning, administrative support, special services, supports marine fisheries budgeting, and human resources functions (payroll, job recruitment, employee training). These funds also are used for purchasing and contracting; maintenance of facilities, vessels, and vehicles; federal grants administration; capital improvement and repair and renovation projects; and other administrative support for the division to meet its mission and statutory requirements.

**Requirements**

**102168-DEQ 1320 DMF -MARINE FISHERIES-RESEARCH BC 14300**

This fund supports fishery resources monitoring through fisheries research studies, biological sampling, environmental data collection, data collections surveys, fisheries observers, socioeconomic data, and by catch reduction. This information is used for analysis and for the development of Fishery Management Plans and fishery management measures. These Fishery Management Plans (FMPs) identify measures that effectively use resources to maintain sustainable coastal fisheries. This fund supports activities for the preparation and implementation of the Coastal Habitat Protection Plan (CHPP), including data collection, habitat identification, enhancement, protection, and review of habitat alteration permits to develop effective measures to protect and enhance essential finfish and shellfish habitat.

**102169-DEQ 1325 DMF -MARINE PATROL LAW ENFORCEMENT BC 14300**

This fund supports Marine Patrol law enforcement activities for marine and estuarine fishing activities, including air, ground and boat patrol investigation in order to provide fair and consistent enforcement of statutes and rules regarding marine and estuarine fisheries. The funds also supports administrative, technical, and communications activities (24 hours/365 days) for officers enforcing marine fishery and boating safety laws. This fund also collects expenses for the Observer Program, where observers or Marine Patrol officers collect at-sea information about catch for use in fisheries management decisions, stock assessments, development of fishery management plans and conservation of protected species. Funds are transferred from the Commercial Fishing Resource Fund to this fund to cover those expenses.

**160-Department of Environmental Quality**

**14300-Department of Environmental Quality - General Fund**

**102173-DEQ 1460 WIF -WATER INFRASTRUCTURE BC 14300**

This fund supports the Division of Water Infrastructure Division Director position and operating for the State Water Infrastructure Authority (SWIA) board created under NCGS 159G-70. This fund also serves as the State and Federal operating centers, which support the Community Development Block Grants - Infrastructure (CDBG-I) program. The CDBG-I grant program is part of the block grant received from the US Department of Housing and Urban Development, by the NC Dept. of Commerce which DENR now administers these funds. The program funds critically needed public water and sewer infrastructure serving residential areas of at least 51% low to moderate income, as defined by HUD. The funds cannot be used in business or industrial areas.

**160-Department of Environmental Quality**

**14300-Department of Environmental Quality - General Fund**

**102176-DEQ 1490 DWR -WATER SUPPLY PROTECTION (DEH) BC 14300**

This fund supports the Public Water Supply Section (PWSS) whose mission is to promote public health by ensuring that safe, potable water is available in adequate quantities to the residents and visitors of North Carolina served by public water systems by assuring that such systems are properly located, constructed, operated, and maintained." Public water systems are those that provide piped drinking water to at least 15 connections or 25 or more people, 60 or more days per year. The PWSS Section reviews and approves engineering plans, reports, and specifications for new or expanding public water systems, reviews water sample results from public water systems, and conducts compliance inspections and determinations of public water systems. The staff trains and consults with water system operators to provide proactive regulatory and technical assistance to help public water systems maintain compliance with operating and monitoring requirements, maximum contaminant levels and treatment techniques. As the "primary" agency for implementing the federal drinking water program requirements, the PWS Section issues Notices of Deficiency, Notices of Violation, Administrative Orders and Administrative Penalties. PWS Section programs are supported by EPA grants and state matching funds from programs to assess and collect fees for annual operating permits for community and non-transient, non-community water systems, receipts for implementation of the water treatment operator certification program and receipts for performing review of engineering documentation for approval of public water system infrastructure projects.

**102177-DEQ 1495 DMF -SHELLFISH SANITATION (DEH) BC 14300**

This fund supports the Shellfish Sanitation and Recreational Water Quality Section. Coastal shell fishing waters and recreational swimming waters are classified by a sanitary survey including shoreline surveillance, bacteriological water sampling, hydrographic studies and laboratory bacteriological analysis of all samples collected to delineate healthy shellfish harvesting waters and to determine if recreational waters are safe for bodily contact activities. Additionally, it ensures that shellfish and crustacea are handled and processed in a sanitary manner for human consumption by permitting/certifying processing plants. Both coastal water classification for shellfish and certification of shellfish processing plants are done in accordance with National Shellfish Sanitation Program compliance as evaluated by the US Food and Drug Administration.

The Albemarle-Pamlico National Estuary Partnership works in cooperation with federal, state, and local agencies, private organizations, and other interested parties to identify, restore, and protect the significant resources in within the Albemarle-Pamlico watershed of NC and VA. The goal is to maintain functional ecosystems through the identification, assessment, planning, monitoring, and the implementation of stewardship activities. Programs included are: The Albemarle-Pamlico National Estuary Partnership, and the Coastal Habitats Coordinator and Watershed Coordinator who work with DEQ to foster implementation of the NC Coastal Habitat Protection Plan.

The name of this fund was edited in Dec 2024 to clarify the purpose of the fun.

**102180-DEQ 1615 DEA -POLLUTION PREVENTN/ENVIR ASST (PPA) BC 14300**

This is one of several funds managed by the Division of Environmental Assistance and Customer Service. This is a non-regulatory program whose services include: operation of the state recycling program; hands-on small business compliance assistance; one-stop permit coordination; recognition of environmental excellence among industries, municipalities and institutions; assistance to business in implementing energy and water use reductions and pollution prevention techniques; and assistance to regulated entities in understanding environmental permitting and compliance requirements. Specific inquiries and technical assistance on a wide range of environmental issues is provided via site visits, case studies, webinars, workshops, conferences, phone and email, development and dissemination of guidance materials and operation of a staffed toll-free phone number. This assistance reduces operating costs for businesses, local governments and institutions while simultaneously reducing their impact on the environment.

**14300-Department of Environmental Quality - General Fund**

**102181-DEQ 1620 DWR -DIVISION OF WATER RESOURCES BC 14300**

This fund supports the Water Resources Planning Section (WRPS) of the Division of Water Resources (DWR). The management activities mission of the WRPS is to develop strategic planning information for the management of the State, the ecological health and integrity of the North Carolina's surface waters, and the long term sustainability of ground waters. In order to execute this primary mission, the WRMS performs the following specific functions: Development of hydrologic models and river basin water resources plans; Management of the Interbasin Transfer (IBT) program; Technical reviews of hydropower licenses and other water projects in order to maintain the ecological integrity of NC's surface waters; Technical assistance to public water systems in the development of Local Water Supply Plans and Water Shortage Response Plans; State-level drought management and the administration of the Drought Management Advisory Council; Installation and monitoring of a statewide network of groundwater monitoring wells used to assess the quantity of available groundwater supplies; Management of the 15-county Capacity Use Area, which regulates the withdrawal of groundwater in a portion of NC's coastal plain; Administration and management of the Water Resources Development Grant Program that provides State cost-sharing funds for water related projects, such as dredging, beach nourishment, flood control, and stream restoration; Technical assistance for the management and resolution of inter-state water issues involving water allocation questions.

**102182-DEQ 1625 DCM -COASTAL MANAGEMENT BC 14300**

This fund supports the Division of Coastal Management in the administration of the state's federally approved coastal program, which works to protect, conserve and manage North Carolina's coastal resources through an integrated program of planning, permitting, education and research. The division carries out the NC Coastal Area Management Act, the NC Dredge and Fill Law, and the federal Coastal Zone Management Act of 1972 in the state's 20 coastal counties. The division administers coastal development permits and related compliance and enforcement activities; reviews federal projects for consistency with NC coastal policies; and provides financial and technical assistance for local government land-use planning and enhanced public access to beach and waterfront sites. The funds also supports the administration of the federally approved N.C. National Estuarine Research Reserve which is apart of the N.C Coastal Reserve. Coastal Management staff manage a system of ten protected Coastal Reserve sites for long-term research, education, and stewardship of unique coastal habitats; administers the state's Clean Marina, Clean Boater, and marina pump-out grant programs; and provides environmental education programs for educators, students, elected officials, land-use planners, and other key decision-makers. The fund also supports other program areas, including beach and inlet management through the collection and analysis of data related to coastal erosion, inlet dynamics, storms, and impacts to coastal development; coastal policy development; and habitat identification and mapping.

**14300-Department of Environmental Quality - General Fund**

**102184-DEQ 1635 DWR -LAB SERVICES (DWQ) BC 14300**

This fund provides analytical services programs related to ambient monitoring, compliant response such as coal ash basins, special studies such as Per- and polyfluoroalkyl substances (PFAS) and emergency response (fish kills, spills, etc.) throughout the Division and for other Divisions within the Department of Environmental Quality as necessary. In addition, the lab certification branch certifies both public and private labs for chemical and microbiological analysis of water, groundwater, wastewater, soil and sediment samples reported to the Division of Water Resources (DWR) and the Division of Waste Management (DWM) programs. The branch works to ensure high quality data results and provides technical assistance on improving laboratory quality assurance.. These services are essential to evaluate surface water and groundwater quality as well as the level of treatment from private and public wastewater treatment systems.

**160-Department of Environmental Quality**

**14300-Department of Environmental Quality - General Fund**

**102186-DEQ 1660 DWR -GROUNDWATER PROTECTION GRANT (DWQ) BC 14300**

This fund is used to monitor, evaluate and enhance surface water and groundwater resource quality in the state; issue permits for disposal of wastewater; issue approvals for impacts to surface waters, wetlands and protected riparian buffers; and develop strategies to maintain and improve water quality through the basin wide approach to water quality management. This fund also is used to inspect permitted facilities for compliance with state and federal water quality rules and regulations; to take appropriate enforcement action to encourage compliance; to provide technical assistance and to certify operators of wastewater treatment facilities to encourage optimal operation. This fund supports the development of scientifically-based water quality standards to protect water quality; evaluation and modeling impacts of pollutant loadings and the investigation of environmental emergencies, such as chemical spills and fish kills. Responsible for monitoring 707 ambient surface water monitoring stations through the collection of water samples; the inspection and monitoring of 1,661 wastewater treatment plants that discharge treated wastewater to surface waters or to the land through spray irrigation; inspection of 2,609 single family residences discharging and non-discharging wastewater treatment systems; inspection and monitoring of 2,402 animal feeding operation facilities for swine, cattle and poultry; inspection and monitoring of \$110,063 acres of land application fields that receive wastewater treatment plants residuals; inspection and monitoring of 20,338 acres of land application sites receiving treated wastewater. These responsibilities are partially covered in the Division's other funds in 14300 as well: 1660, 1695, 1720.

**14300-Department of Environmental Quality - General Fund**

**102191-DEQ 1690 DWR -WATER QUALITY CONTROL (DWQ) BC 14300**

This fund is used to monitor, evaluate and enhance surface water and groundwater resource quality in the state; issue permits for disposal of wastewater; issue approvals for impacts to surface waters, wetlands and protected riparian buffers; and develop strategies to maintain and improve water quality through the basin wide approach to water quality management. This fund also is used to inspect permitted facilities for compliance with state and federal water quality rules and regulations; to take appropriate enforcement action to encourage compliance; to provide technical assistance and to certify operators of wastewater treatment facilities to encourage optimal operation. This fund supports the development of scientifically-based water quality standards to protect water quality; evaluation and modeling impacts of pollutant loadings and the investigation of environmental emergencies, such as chemical spills and fish kills. Responsible for monitoring 707 ambient surface water monitoring stations through the collection of water samples; the inspection and monitoring of 1,923 wastewater treatment plants that discharge treated wastewater to surface waters or to the land through spray irrigation; inspection of 1,873 single family residences discharging and non-discharging wastewater treatment systems; inspection and monitoring of 2,358 animal feeding operation facilities for swine, cattle and poultry; inspection and monitoring of 63,609 acres of land application fields that receive wastewater treatment plants residuals; inspection and monitoring of 18,359 acres of land application sites receiving treated wastewater. These responsibilities are partially covered in the Division's other funds in 14300 as well: 1660, 1695, 1720.

**160-Department of Environmental Quality**

**14300-Department of Environmental Quality - General Fund**

**102192-DEQ 1695 DWR -WATER QUALITY PERMIT FEES (DWQ) BC 14300**

This fund is used to monitor, evaluate and enhance surface water and groundwater resource quality in the state; issue approvals for impacts to surface waters, wetlands and protected riparian buffers; issue permits for disposal of wastewater; and develop strategies to maintain and improve water quality through the basin wide approach to water quality management. This fund also is used to inspect permitted facilities for compliance with state and federal water quality rules and regulations; to take appropriate enforcement action to encourage compliance; to provide technical assistance and to certify operators of wastewater treatment facilities to encourage optimal operation. This fund supports the development of scientifically-based water quality standards to protect water quality; evaluation and modeling impacts of pollutant loadings and the investigation of environmental emergencies, such as chemical spills and fish kills. It is important to note that by statute (G.S. 143-215) there is a limitation on the amount of the permit receipts that can be used to support the program. Thus, other fund sources are necessary to support the division's needs. This is one of 8 funds with positions (1635, 1660, 1690, 1695, 1705, 1710, 1720, and 1725 in budget code 14300) for the Division of Water Resources.

This fund is receipted through contract agreements with other agencies to monitor, evaluate and enhance water quality in the state through specific projects funding. These projects include assistance to the Department of Transportation for wetland projects and issuance of permits (Federal Clean Water Act 401 Water Quality Certifications), identification of sources of impairment for impacted watersheds (i.e., North Carolina Ecosystem Enhancement Program), and development of the coastal component (i.e., habitat enhancement) of the non-point source management program.

**102195-DEQ 1710 DWR -WATER QUALITY EPA GRANTS (DWQ) BC 14300**

The purpose of this fund (aka the 205(j) grant) is to conduct water quality planning in the state through Environmental Protection Agency grants. Examples of these projects include the development of watershed restoration plans, pollutant source identification studies, training workshops for water quality compliance, and stormwater system mapping. Over 40 percent of the federal 205(j) grant is required to be pass-through to lead regional organizations.

**102197-DEQ 1720 DWR -WQ NONPOINT SOURCE (DWQ) BC 14300**

This fund implements the NC Nonpoint Source Management Program, including the 319(h) Grant program, which focuses on restoring waters impaired by nonpoint sources of pollution. The competitive program funding is used to fund projects which implement approved watershed plans to restore impaired waters. The program also develops and implements comprehensive regulatory nutrient reduction strategies in prioritized watersheds; models and evaluates the impacts of pollutant loadings on surface waters; and supports programs in sister agencies that manage nonpoint sources of pollution from land use categories such as agriculture, forestry, onsite wastewater disposal, and erosion associated with construction activities. The fund is supported by an annual Environmental Protection Agency grant.

**102198-DEQ 1725 DWR -WETLANDS PROGRAM DEVELOPMENT (DWQ) BC 14300**

These federal funds are receipted funds for competitive Environmental Protection Agency Wetland Program Development Grants. The short-term grants (one to three years) are used to monitor and evaluate wetland condition across the state, and to develop tools to support North Carolina's agencies and wetland regulations (e.g., 401 & Buffer Permitting Branch, NC DMS, NC WRC, NC Environmental Education, NC Water Education Programs, NC DMS, NC DCM). [NOTE: Appropriated funds must be used as a match for these federal funds.]

**102199-DEQ 1730 DLR -ENERGY,MINERAL,LAND RES ADMIN BC 14300**

This appropriated fund supports the division Director, division Business Officer, and staff that are responsible for the day-to-day oversight of the internal management and budget operations of the Division of Energy, Mineral, and Land Resources. The Division Director responsibilities include setting priorities, designating responsibilities, and representing the division at department and state and federal functions. The Division Business Office is responsible for the division's appropriation of funds, prepare cost estimates, balance accounts, and deposit incoming monies.

This fund is used to implement the Sedimentation Pollution Control Act (SPCA) of 1973, the Dam Safety Law of 1967 the Mining Act of 1971 and various state and federally mandated Storm water Management Programs. The Section uses the monies in this fund to conduct plan reviews for compliance; inspect dams for safety; issue dam safety approvals for construction, repair, and modification; provide technical assistance to mine operators to foster compliance with reclamation requirements; inspect and permit mines; conduct inspections of construction sites and necessary enforcement; review and issue permits under various storm water programs and pursue enforcement as necessary; and provide assistance to local government, the public, and the regulated community.

**160-Department of Environmental Quality**

**14300-Department of Environmental Quality - General Fund**

**102202-DEQ 1749 NRG -STATE ENERGY OFFICE BC 14300**

The purpose of this fund is to administer the Utility Savings Initiative; to deploy energy efficiency and renewable energy programs in state, university, and community college facilities that will reduce energy usage and save money for the state of North Carolina; to provide on-site surveys, energy audits, and training; to provide technical assistance to deploy energy saving capital improvements in public buildings; to deploy renovations for public buildings using sustainable methods to avoid resource depletion of energy, water, and raw materials; and to prevent environmental degradation caused by facilities infrastructure throughout their life cycle.

**160-Department of Environmental Quality**

**14300-Department of Environmental Quality - General Fund**

**102207-DEQ 1770 DAQ -AIR QUALITY CONTROL BC 14300**

This fund is used by the Division of Air Quality to monitor the air quality of the state, prepare plans and models to determine appropriate air quality control standards, inspect and permit stationary air emissions sources and reduce emissions from mobile sources. This fund is supported by Environmental Protection Agency grants.

**Requirements**

**14300-Department of Environmental Quality - General Fund**

**102225-DEQ 1732 DLR -NC WIND ENERGY PROGRAM BC 14300**

The Division of Energy, Land and Mineral Resources (DEMLR) is requesting to establish fund 1732 for the North Carolina Wind Energy Program.

On June 9, 2021, Governor Roy Cooper signed Executive Order Number 218, which calls for developing 2.8 gigawatts of offshore wind energy by 2030 and 8.0 gigawatts by 2040. In section 4, of Executive Order Number 218, NC Department of Environmental Quality, Division of Energy, Land and Mineral Resources (DEMLR) will be the offshore wind coordinator and will lead NCDEQ's offshore wind-related activities, interface with state cabinet agencies, and support implementation of SMART-POWER. DEMLR will coordinate with the NC Department of Commerce to ensure alignment and synergy between offshore wind development and economic development efforts within the state. DEMLR will collaborate with the United States Bureau of Ocean Energy Management (BOEM) and other federal partners to advance the leasing and development of North Carolina's existing Wind Energy Areas. DEMLR will work with the federal government and other partners to identify and lease new areas for offshore wind energy development through BOEM's establish deconfliction process, the United States Department of Defense Military Aviation and Installation Assurance Siting Clearinghouse, and other mechanisms that address potential competing ocean uses, such as military operations and readiness, shipping lanes, habitat and migratory patterns, fishing and visibility. DEMLR will review, clarify and streamline regulatory and permitting requirements (General Statute 143-215.115), as appropriate, that are applicable to offshore wind energy development, related onshore infrastructure and attendant offshore wind energy-related activities.

**205109-DEQ 2119 DWM -MERCURY POLLUTION PREVENTION BC 24300**

The purpose of this fund is to support implementation and operation of the Mercury Switch Removal Program. The removal of the mercury switches from "end-of-life" vehicles is required prior to the crushing, shredding, and/or smelting of these vehicles as scrap metal. The removal of these mercury switches from the processed scrap metal greatly reduces the mercury air emissions at electric arc furnace steel making facilities located within North Carolina. To achieve the maximum compliance benefit, the program also reimburses vehicle recyclers for each mercury switch removed and properly recycled. Repealed effective June 30, 2021, GS 130A-310.50 - GS 130A-310.55.

**Requirements**

**205139-DEQ 2333 DAQ -AIR QUALITY CLEAN AIR ACT BC 24300**

This fund is used for the collection of air quality Title V fees. Title V is a federally mandated permit program that establishes limits on emissions from large stationary sources of air pollution. Per the Clean Air Act, funds collected under the Title V program must be used to support the Title V program.

**205142-DEQ 2338 DAQ -I & M AIR POLLUTION CONTROL BC 24300**

The Division of Air Quality (DAQ) receives fees for the State's Vehicle Inspection and Maintenance (I&M) program. GS 143-215.3A establishes the Inspection and Maintenance Program Account and states "The Inspection & Maintenance Air Pollution Control Account is established as a non-reverting account within Department of Environmental Quality. Fees transferred to Division of Air Quality of the Department pursuant to GS 20-183.7(c) shall be applied to administering the air quality program.
